

## STAR Publisher - Guest Speaker Anglican Cathedral College's 29th Commencement Exercises

**BLISS INSTITUTE FOR THE PERFORMING ARTS, Belize City, Sunday, June 5, 2011:**

Belize City’s Anglican Cathedral College (ACC) today held its 29<sup>th</sup> Commencement Exercises for 54 graduates inside the packed to capacity Bliss Center for the Performing Arts in Belize City.

The impressive ceremony began as scheduled at 4:00 pm with the procession of the Graduates followed by the singing of the National Anthem and a prayer led by the school’s Chaplain, Deacon **Barbara Rosado**.

The Salutatory Address was

**Valedictorian  
Shashaye Mendoza**

delivered by **Narwah Shurat** followed by Remarks by the school’s Principal, **Mr. Ismael Requena**. The Valedictory Address was delivered by the top graduate, **Shashaye Mendoza**.

The program continued with the introduction of the Guest Speaker by graduate, **Samantha McCord** after which the Guest Speaker **Alberto August**, Publisher of the **STAR Newspaper** was invited to address the Class of 2011 (*the address, in its entirety, is published on page 6*). The Guest Speaker was then invited to remain on stage for the presentation of Diploma, Certificates and Awards.

The customary ceremonial Torch of Learning was passed on by a group students from the Class of 2011 and received by some of the students that will be comprising next year’s graduating Class of 2012.

The program continued with the Vote of Thanks delivered by Graduate, **Minette Whylie**, niece of the Chief Executive Officer in the Ministry of Defence and Immigration, **CEO Allen Whylie**, who was also in attendance.

As the program was drawing to an end, the gathering of parents, other relatives, invited guests; faculty and staff were treated to a wonderful rendition of the song **“I Believe I Can”** which was gracefully performed by the graduating Class of 2011.

The program ended just like it began with the benediction again led by Deacon **Barbara Rosado** after which the activity moved over to the Anglican Cathedral College where a variety of delicious food and refreshing drinks was served.

## Teach Less - Learn More

**BY: Mrs Deborah Reneau,  
Vice Principal, Santa Elena  
RC Primary School**

For students in primary school, the culmination of their 8-year studies is the Primary Selection Examination (*PSE*). The PSE is a national exam that students take in Standard Six.

The actual preparation for this exam should begin at Infant one

I listened attentively to the comments made by the diligent students interviewed by the media, as they listed all the extra preparations they had to go through for this exam. Morning classes, evening classes, Saturday classes, Easter classes and private classes. Such comments left me astounded as I am to believe that we don't have sufficient time in the day to cover the curriculum in order for students to perform well in the PSE.

As an upper division vice principal I want my school and students to excel. But the notion that all these extra classes and

work is needed, goes against what we have been learning in the Teacher Leadership Program (TLP).

Many of the strategies that we have been using in this leadership program are adapted from **Dr. Spencer Kagan**, an internationally acclaimed researcher, presenter and author of over 100 books, papers, and scientific journal articles, from the Kagan Institute (brain-based research). Dr. Kagan wrote an article entitled, "Teach Less, Learn More." **It is all about teaching better, to engage all learners and to prepare them for life, rather than teaching more, for tests and examinations; performance instead of productivity. This statement is contrary to what the top achievers are saying about their own preparation for the PSE.**

The reality of the matter is that schools and teachers are graded/scaled, based on their PSE results. The community at large do not consider the area in

which the school is situated, the socio-economic background of the children, the involvement of parents in their childrens' learning and the environment, just to mention a few.

"Teach quality", the article further explains that more quality in terms of better classroom interaction, opportunities for expression, the learning of life-long skills and the building of character through innovative and effective teaching approaches and strategies. "Less quantity" in terms of rote-learning, repetitive tests, and following prescribed answers and set formulae.

I have read the draft of the Quality Child Friendly School Initiative by the Ministry of Education and am proud of the ministry for venturing into such bold moves but would further applaud them if they were to reconsider the way they administer the achievement tests given at Standard Three and Standard Six.

If it had not been for the TLP at Santa Elena Primary School I would have been frustrated by the results of our PSE scores, because I strive for excellence. Graciously I now understand that it is not about making a grade but it is more about moving children from one level to a higher level. It is about teaching the learner and not about rushing through the

curriculum. It is about teaching for the test of life and not for the life of tests.

The program also advocates the use of technology in the classroom, and at SEPS we are grateful to the BNE Trust because through the use of funds for the program we were able to purchase a LCD Projector for the school.

Please note that this article is in no way intended to discredit what teachers have been doing and the time they have been putting into preparing their students for the PSE it is simply to say that we cannot continue to use the same failed teaching methods, otherwise we will get the same results. It is time that we make a paradigm shift in education. I will also be bold enough in saying that the children that did well are those that have support from their parents. Parents are you doing your part?

The "Teach less Learn More" article in its entirety can be found on the internet.

I would like to conclude by thanking **Mr. Alberto August** and his wife **Mrs. Nyani August** who have always afforded us the opportunity to include our articles in their newspaper. We are conscious of the fact that articles like these hardly contribute to the selling of newspapers but it proves that they are committed to education and positivity.

# Address To The Graduating Class Of The Anglican Cathedral College

By Alberto August, Publisher, STAR Newspaper

**“WITH MOTIVATION AS OUR DRIVER, SUCCESS IS OUR FINAL DESTINATION”** what an appropriate theme indeed. And so I begin by congratulating those who came up with such powerful words.

Class of 2011, I thank you for this wonderful opportunity to share in your achievement. When I was first asked to be your guest speaker – my initial reaction was - What do I say to a group of young, intelligent minds? The first logical reaction was to prepare an academic speech - I started making the notes – I sat back – reviewed it – and eventually discarded it – I came to the conclusion that you are just emerging from the academics and that I would bore you with another academic presentation – furthermore, I also concluded that I must address you from the heart and so I take this noble opportunity to address you in the context to today’s reality.

Class of 2011 – you are today embarking on a new phase in your young lives – You are at that stage where you have successfully laid a solid ACC foundation. You must now build on that foundation because a foundation alone does not a complete structure make.

Please allow me now to share with you my thoughts on your ACC Foundation.

How can you use your **A-C-C Foundation?** – I encourage you to take the **“A”** and transform it into **ADVANCEMENT**. Positive **ADVANCEMENT – ADVANCEMENT IN THE RIGHT DIRECTION ALWAYS – ADVANCEMENT IN EDUCATION**. It has long been established that Education is the most reliable vehicle for positive and true advancement. You must accept neither mediocrity nor find excuses to reach your highest potentials.

Some of you here today come from nuclear families – some of you come from single parent homes and yet still there might some among you who come from homes with no parent at all. If you fall in the second or third category, your graduating today clearly demonstrates that you have not used this condition as an excuse and, for this, I congratulate you.

The reason why I included the third category is because of my personal experience. My mother passed away when I was 14, when I just about to enter third form at

**Alberto August, Publisher, STAR Newspaper Addressing Anglican Cathedral College’s Class of 2011**

Sacred Heart College in San Ignacio. By the time I graduate from High School, I was parentless and in the care of a maternal uncle. While life was extremely difficult without the love and guidance of a mother, I continued to press on eventually earning a scholarship to pursue a Bachelor’s of Science Degree in Venezuela.

Today however it’s not about me – Today, it’s all about YOU

Class of 2011-This is your time. This is your moment - You are fortunate to be in the present, where, realizing the importance of Education in the macro economic development of the nation, government is making education much more affordable. You are in an era where almost 25% of the national budget is assigned to education.

You are also in the present where institutions like the Belize Natural Energy Trust is making a large portion of its capital available to credit unions countrywide exclusively for **“easy access”** student loans thereby providing the unique opportunity for any of you to fund your own educational advancement. You must tap into these available resources – you must be motivated to advance and in so doing **SUCCESS WILL, NO DOUBT, BE YOUR FINAL DESTINATION**.

I further encourage you to transform the first **“C”** in your ACC foundation into

**CONSISTENCY**. As you advance educationally, you must consistently seek excellence in all you do. You must be **CONSISTENT** in attending classes. You must be **CONSISTENT** in your studies. You must be **CONSISTENT** in the high quality of assignments you produce, always adding value to your final product. You must be **CONSISTENT** in keeping the right company as you steer clear from the ills of harmful drugs, crime, violence and lawlessness generally, which are all too prevalent in our society today.

In rounding off your ACC foundation; I implore you to transform the second **“C”** into **COMMITMENT**. Stay committed always to your pursuit of Higher Education. Many of you have read job vacancy notices in the local newspapers and in so doing, you should have already come to the realization that in today’s reality, a high school diploma is just simply not enough to land you a decent paying job. You will realize that being in possession of a high school diploma is hardly enough to successfully create your own employment. It is therefore imperative and incumbent upon you that you remain **COMMITTED** to educational **ADVANCEMENT** and **CONSISTENCY**.

Please allow me the opportunity

**Graduate Samantha McCord introducing the Guest Speaker**

now, to draw your attention to a clear example of **ADVANCEMENT – CONSISTENCY** and **COMMITMENT** – I am going to draw that example from among your very own ACC family.

The example that stands out as clear as crystal is none other than that of your very own principal – **Mr. Ismael Requena**. Twenty six years ago in 1985, a young boy, from the southern village of Colombia in the Toledo District, fresh out of the Toledo Community College, came to Belize City in pursuit of Advancement in Education. He enrolled into the Belize Technical College and despite the cultural shock of relocating from a laid back village to the fastest moving city in this country. He quickly adjusted to the change. He was not distracted by the new urban lifestyle and its amenities. Not all – on the contrary, he remained **CONSISTENT** and **COMMITTED** to **ADVANCING** his education.

Today, twenty six years later, that same young boy who came to Belize City from the deep south, holds a Masters Degree in Education from the University of North Florida and sits at the top of this fine institution of learning.

As you venture into this new stage of your young lives, I encourage you to be motivated by the example of your Principal and surely **SUCCESS WILL BE YOUR FINAL DESTINATION**.

Before concluding I would like to draw your attention to one of the most recent realities.

One of the frequent excuses for failure we often hear is that I come from the south side of Belize City as if coming from the south side of Belize City is a prerequisite for failure. Well that myth has again been shattered. It was shattered just 2 days ago with Friday evening’s announcement of the results of this year’s Primary School Examination. Of the almost seven

## STATEMENT BY PARENT COMPANY TO DR. HENRY CANTON

We respond to the “Statement by the Management of Citrus Products of Belize Limited” that was published in last week’s newspapers.

Firstly, where in the world does the “management” of a company use the resources of the company to call the majority owners of the company an *“ostrich”*? We know that the employees at CPBL, management included, must toe the Canton line or suffer the wrath of demotion, or worse, termination, and see the release as him now hiding behind management because he is intent on terminating 105 employees who work in the factory plus management employees as well. Our issue is not with the management and employees at CPBL - it is with Dr. Henry Canton who has all but destroyed our investment. Closing down of CCB Facility

The purpose of our release was to inform our members, CPBL employees, the government, industry stakeholders and the nation of the fallout of Dr. Canton’s failed policies at CPBL. We reiterate that this paper was not only sent to the Board of CPBL but was also sent to Government. Discussions were held with the CWU and Pound Solids Authority before the Board or we should say the directors appointed by the majority shareholders were made aware of such a “concept”. Furthermore we were made to understand that for some time now even before the end of the crop actions were being taken to get BFP ready to operate as the sole processing facility come the start of the next crop. Below is an excerpt of Dr. Canton’s ‘concept paper’ which speaks volumes as to his intentions.

**“Management notes that in maintaining primary processing operation at only the BFP Factory this would result in reduction of Factory Production Employees from the total of 278 employees to a total of 173 employees, a reduction in employment strength of 105 employees. There would be additional reduction in employees at the management and supervisory and other levels of the Administrative and Support sections of CPBL if only one factory would be processing. The plant of choice would be the BFP Factory for the following reasons:**

- 1. CCB’s processing capacity is limited at approximately 28k boxes per day and daily fruit deliveries for seventy five percent of the processing period exceed this figure.**
- 2. CCB’s fruit processing capacity cannot be easily expanded as additional extraction and evaporation capacity cannot be increased without major capital investment.**
- 3. BFP’s current processing capacity is approximately 43k boxes per day and this can easily be increased to 60k daily through the addition of six more extractors and the refurbishing of the 20k evaporator.**
- 4. BFP’s solid waste stream can easily be transferred to the Feed Mill by the existing waste screw transfer whilst CCB’s waste has to be trucked from CCB to the Feed Mill, incurring transportation charges for the 2.5 mile journey from CCB to BFP.**
- 5. Juice required both for the operation of the Top Juice Freeze Concentrate Plant and the production of Not From Concentrate Juice would be produced at BFP by the use of “Premium Juice Change Parts” for the JBT Extractors. Premium Juice would therefore be transferred directly from BFP, thus removing the cost of transferring juice by stainless steel tankers from the CCB Factory to the Top Juice Plant, located on the BFP Factory Compound, for the production of Freeze Concentrate.**
- 6. BFP Factory has a one million gallon capacity Tank Farm which provides for the bulk storage of product while product in final packaging will continue to be sent to the CCB Cold Stores for storage prior to shipment to customers.**
- 7. Stores, engineering and other factory support functions and employees would be relocated to the BFP Factory Compound and this would result in savings from the elimination of constant runs between the two factories.**
- 8. Reduction in employee numbers will result in an additional cost saving from the reduced number of employees to be transported in buses hired by CPBL.”**

### Staff Signing Correspondence Under Duress

Dr Canton boasted that *“To date, staff has refused to meet with the said Directors.”* A copy of a letter, signed by what appeared to be representatives of staff, that was sent to the Office of the Prime Minister was sent to the Board. In the letter the staff called on certain directors of CPBL appointed by the majority shareholder to resign from the board because of conflict of interest. A meeting was held with one of the signatories to the letter in which an invitation was extended that if the employees wanted to discuss their concerns with the five directors appointed by the majority shareholder the directors were agreeable to meeting.

In any corporate setting it is not the business of employees who the owners of the company decide to appoint as directors. Furthermore when the employees are saying that the presence of the CEO of CGA on the CPBL Board is a conflict of interest but do not draw the same conclusion for the presence of the CEO of Banks Holdings on the CPBL Board then at best the employees are being misled. Anyway, the fact that the employees have not taken up the invitation to meet to discuss their letter to the Board shows what we know - **they can’t, less they risk the wrath of Henry Canton.**

### CPBL’s claim of a Cash Flow Crisis

Please make up your mind with this. In a recent Amandala article the PM is quoted as saying the company needs \$10m; a source under the condition of anonymity is quoted as saying the company is over the cash flow hump; BHL unilaterally told government CPBL does need the money but yet you are saying the company is in a cash flow crisis. Our position was that CPBL should be able to manage through the situation without suspending processing and it seems we were correct. We do know that there is an impending crisis for the 105 factory employees plus management employees and their families who may be affected.

### No investment in grove productivity

We never said there was no investment in grove productivity. The proof is in the pudding. There was not enough investment in grove productivity and growers being consistently under paid resulted in growers not being able to afford investing in their own groves and plant expansion outpaced grove productivity. The addition of the value added lines has changed the entire cost structure of the company and that is impacting its profitability despite strong prices over the past two years. We know there would have been some investment in groves as Dr. Canton’s private company is responsible for managing some of the CPBL groves and CPBL has almost exclusively bought its nursery plant from ADS.

### The impact of HLB on the industry

We note that his release did not touch the topic of HLB disease and how it is now impacting the industry. In his concept paper he made a passing reference to the effect the disease is having on the productivity of the industry. He should come clean to the growers and explain how he and his private company, the Belize Citrus Mutual, have effectively lobbied Government for there, *(to date)*, not to be a national response to HLB disease in the industry. Meanwhile the CGA continues to provide services to all growers who need help in combating the deadly but manageable disease. We applaud the growers in southern Stann Creek who are currently working with our Citrus Research and Education Institute (*CREI*) to carryout coordinated sprays to control the Asian psyllid vector that spreads HLB.

The CGA and its members are not ostriches. If we were we would believe that the Investment Agreement was in the best interest of all growers. We would believe that all is well in the industry. We would believe that HLB cannot have a catastrophic effect on the industry. We would believe that all is well at CPBL despite over 105 employees being on the chopping block. We would believe that the feed mill and value added investments are profitable, and we would believe that Dr. Canton will continue at CPBL to finish destroy our investment. However we are not ostriches and we know you are in your final days at CPBL.

**ARIES:**  
March 22 to April 20

The coming week is likely to be demanding on you. There will be a lot more acceptance about your initiatives among your colleagues. Do not use sarcasm or put down anybody. Excuse yourself and be polite if you cannot handle an uncomfortable situation. **Lucky numbers: 32, 67, 91.**

**TAURUS:**  
April 21 to May 21

There will be some issues that you will have to deal with. If you are not able to work around them without getting angry, you should take a small break. Things become better as you calmly look for creative solutions without getting overly critical or demanding. **Lucky numbers: 10, 43, 75.**

**GEMINI:**  
May 22 to June 21

The coming week brings into focus two areas that you need to be cautioned about. Firstly, you need to look at your savings and investments. Secondly, do not get too caught up in other people's problems, especially if they are in a financial mess. You may end up regretting your involvement. **Lucky numbers: 24, 56, 89.**

**CANCER:**  
June 22 to July 23

You may be seeking out avenues that allow for increased earnings in a shorter time. However, this proposition may not come by. You need to guard against depression. Keep yourself occupied constructively even if it has no monetary benefits to offer. **Lucky numbers: 36, 45, 97.**

## LIQUOR LICENSE NOTICE

Notice is hereby given that under the Intoxicating Liquor License Ordinance Chapter 150 of the Laws of Belize, Revised Edition 2000, **ROSALINDA & HARTH GILLET** are applying for a **RESTAURANT & BAR LIQUOR LICENSE** for the year 2011 to operate **ROSITA'S RESTAURANT & BAR & CONVENIENCE STORE** located on Wyatt Street, San Ignacio Town, Cayo District.

**LEO:**  
July 24 to August 21

You are likely to be in a comfortable zone, financially. However, there is a desire to climb higher. You will need to cultivate good relationship with those around you especially your immediate family. Once you have the support of people around you, there will be greater ease in executing your plans. **Lucky numbers: 14, 60, 84.**

**VIRGO:**  
August 22 to September 21

There will be meetings to attend and negotiations to be handled. Some individuals could travel abroad too. All this comes with rewards and appreciation from superiors. Don't be shy, and enjoy the attention and glory that come your way. Issues of the past will bother you, but they have to be buried. **Lucky numbers: 09, 54, 72.**

**LIBRA:**  
September 22 to October 23

Family matters keep you busy. You are involved in work but you need to take a quick step back and evaluate what is really close to your heart. You might revamp your home. You may be called on to play the peace-maker role between warring relatives. **Lucky numbers: 05, 18, 27.**

**SCORPIO:**  
October 24 to November 21

You will have lots on your plate this week. There may be some event organising that you need to do. You may be called on to take care of a family member who is ailing. Keep stress and anxiety at bay and tackle one thing at a time. **Lucky numbers: 16, 44, 79.**

**SAGITTARIUS:**  
November 22 to December 21

Your disconnectedness may stir up a lot of trouble around you as people in your life try to get you involved in things. However, you still remain aloof and keep pondering on other issues in your life. Relax. Things will soon become better. **Lucky numbers: 49, 51, 99.**

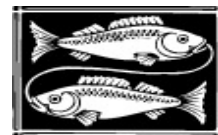

**CAPRICORN:**  
December 22 to January 20

You overcome issues of the past that have been troubling you. You rub shoulders with society's influential elite and also find yourself more grounded and making plans for the future. You could be contributing to a charitable cause in a big way. **Lucky numbers: 25, 64, 93.**

**AQUARIUS:**  
January 21 to February 19

This is likely to be a mixed week for you where you make rapid strides at work. Beware of some discontentment brewing at home. You may have to face resistance from family members about an important decision. **Lucky numbers: 28, 50, 62.**

**PISCES:**  
February 20 to March 21

There will be some worry about foreseen big expenses that may not let you rest. There could be an inclination towards pursuing meditation and holistic healing practices. There may be a lot of internal conflict in your personal life due to divergent opinions that you seek. **Lucky numbers: 06, 47, 88.**

## Introducing The Top Six PSE Performers In The Twin Towns

**Bishop Martin RC - Anwar Jamaal Wade (L) with Principal Alejandro Najaro (R)**

**SANTA ELENA TOWN, CAYO, Friday, June 10, 2011:**

While we afforded due recognition, in last weekend's edition of the **STAR**, to **Aliyah Marin** as the National Top Performer in the Primary School Examination 2011, it is only fitting that similar recognition be afforded to other equally deserving students who sat those examinations as they individually did their best.

In continuing with the series this week, we did the rounds on Thursday and in the process visited all six of the major primary schools within the twin municipalities of San Ignacio and Santa Elena in an effort to highlight the individual top performers in the schools we visited are as follows;

1) **Anwar Jamaal Wade** - 88.75 - Bishop Martin RC Primary School, San Ignacio. Anwar is the son of **Greta and Kelvin (deceased - 2 years) Wade**. He was described by

**Sacred Heart RC - Delsey Hill (C) with teachers Miguel Monroy (L) and Elizabeth Cummings (R)**

**Eden Adventist Primary - Katelyn Montejo (L) with Vice Principal Mrs. Esmay Neal (R)**

the school's Principal **Mr. Alejandro Najaro** as the *"perfect student. He is a well behaved, polite and dedicated student who sometimes even gets ahead of his teachers as he is keen on doing intensive research"* said principal Najaro.

2) **Delsey Hill** - 86.3 - Sacred Heart RC Primary School, San Ignacio. Delsey is the daughter of **Ernest Hill and Sarah Chacon**.

3) **Philibert Chun** - 85 - Santa Elena RC Primary School, Santa Elena. Philibert is the son of **Mirtita and Rafael (deceased-2 years) Chun**.

4) **Katelyn Montejo** - 84.7 - Eden Adventist Primary School,

Santa Elena. Katelyn is the daughter of **Fernando and Radiana Montejo**.

5) **Halle Velasquez** - 84.25 - St. Andrews Anglican Primary School, San Ignacio. Halle is the daughter of **Gertrudes and Melva Velasquez** and

6) **Miguel Salazar** - 82.25 - Faith Nazarene Primary School, San Ignacio, Miguel is the son of **Miguel Angel Garcia and Eugenia Elizabeth Salazar**.

All six top students indicated that they will be attending Sacred Heart College in San Ignacio Town.

We wish them only the very best as they venture into that new phase of their lives.

# Mr. Minister Of Sports: Do What Is Right For The Advancement Of Football In Belize

By: **Wellington C. Ramos**  
Former National Football Player

Since the President of the Football Federation of Belize (FFB) **Bertie Chimillio** did not make sure that his league met the requirements of the National Sports Council it is clear that he thinks he is above the laws of Belize.

The Government of Belize was elected by the citizens of the country and as such they have an obligation to carry out its function in the best interest of the people and country of Belize.

The FFB under the leadership of Bertie Chimillio, has been running football in Belize for many years now and they have not improved the sport or have developed any football team to make Belize competitive in the international arena as the record can attest.

Also, with the current scandals taking place within the FIFA organization, it is obvious that some of their officials who are incompetent were elected due to payoffs and bribes as opposed to their knowledge and professional expertise in the sport. This scandal will lead to more information that we were not aware of because many countries in the world will begin to investigate the FIFA representatives in their homelands.

Allowing FFB to continue running football in Belize and expecting better results is wishful thinking because of their long history of failure.

**Jack Warner** the FIFA Vice-President and **Mohammed Bin Hammam**, were recently suspended by the league's disciplinary committee on alleged inappropriate conduct over a reported \$40,000 US bribe to regional delegates to secure votes on behalf of an aspiring President Mohammed Bin Hammam.

If found guilty they could be banned for life for any further

involvement with football anywhere in the world.

The Government of Belize cannot wait for FIFA to discipline their officials before they plan for the improvement of football in the country. The Minister of Sports can now authorize the Belize National Football Association (B.N.F.A.) to form a committee to select the best players in the country to attend a football training camp.

Selecting a National Football Team over the years have always been unfair from my own personal experience when I was playing football in Belize. Most of the people who were chosen were not picked because of their abilities and capabilities in playing football. A majority of them were selected because of favoritism.

With a selection committee, they will have the opportunity to select three of the best players for each position and send them to the Training Camp to compete among themselves for those positions. However, they must bear in mind that some

of our country's rated players are out of the country playing and they must meet their contractual obligations. These players should be given the opportunity to participate in this process as Belizeans.

I am not too sure about the new way in selecting the country's national football team. I was told that over the years the country used the team that won the National Football tournament which in this case will be the Belize Defense Force, as the core team and then picked other players from several teams to make up the national selection. I am opposed to this method and prefer when three of the best players countrywide for each position are chosen to compete against each other for the positions on the team.

Belize have six districts and each have a President and committee members who are familiar with the players. Among themselves, they should be able to formulate the rules and regulation as to who are the best players for each position in their districts. Then, they could also

consider having the fans vote for the best player for each position in the country to relieve themselves from this burden as is done in the United States for some sports.

The Government of Belize will have to start soliciting funds for this project and I am more than convinced that many diehard football fans, businesses, former football players and others will be glad to contribute towards this worthy cause. This is a golden opportunity for the Minister to demonstrate how serious he is. If he wait too long, he will give the FFB the opportunity to re-group, mobilize and re-gain control of football and we will return back to the Doomsday of football in Belize. Belizeans have been waiting too long to see a caliber football team represent their country and this is the golden opportunity they have.

I am now calling on the Minister of Sports **John Saldivar** to use his power and act because this chaos and confusion over football in Belize must come to an end if we are to have any future in this sport.

### Just To Prove That Women Are Hard To Please

A store that sells husbands has just opened in Belize City, where a woman may go to choose and buy a husband.

Among the instructions at the entrance is a description of how the store operates.

You may visit the store **ONLY ONCE!** There are six floors and the attributes of the men increase as the shopper ascends the flights.

There is, however, a catch..... You may choose any man from a particular floor, or you may choose to go up a floor, but you cannot go back down except to exit the building!

So, a woman goes to the Husband Store to buy a husband.

On the first floor the sign on the door reads: **Floor 1 - These men have jobs and love the Lord.**

The second floor sign reads: **Floor 2 - These men have jobs, love the Lord, and love kids.**

The third floor sign reads: **Floor 3 - These men have jobs, love**

**the Lord, love kids, and are extremely good looking.**

'Wow,' she thinks, but feels compelled to keep going.

She goes to the fourth floor and sign reads: **Floor 4 - These men have jobs, love the Lord, love kids, are drop-dead good looking and help with the housework.**

'Oh, mercy me!' she exclaims, 'I can hardly stand it!' Still, she goes to the fifth floor and sign reads: **Floor 5 - These men have jobs, love the Lord, love kids, are drop-dead gorgeous, help with the housework, and have a strong romantic streak.**

She is so tempted to stay, but she goes to the sixth floor and the sign reads: **Floor 6 - You are visitor 4,363,012 to this floor. There are no men on this floor. This floor exists solely as proof that women are impossible to please. Thank you for shopping at the Husband Store. Watch your step as you exit the building, and have a nice day!**

thousand students who sat those exams, this year's top PSE performer is **Aliyah Marin**. She is a 12 year old child who was born and is growing up in the heart of south side Belize City on Periwinkle Street in Lake Independence. This recent reality reminds me of the famous words of the **Rev. Jessie Jackson** who once said *"I was born in the slums but the slums was not born in me"*.

Class of 2011 —, today you are standing tall on the shoulders of your parents, AND FOR THIS I ASK YOU TO JOIN ME IN GIVING THEM A ROUND OF APPLAUSE - Today you are likewise standing tall on the shoulders of your Principal and teachers, PLEASE FOR ANOTHER ROUND OF APLAUSE. Today you are standing tall on the shoulders of the Management and the Board of Governors of this great institution — THEY CERTAINLY DESERVE A ROUND OF APPLAUSE.

WITH MOTIVATION AS YOUR DRIVER, SUCCESS

WILL MOST CERTAINLY BE YOUR FINAL DESTINATION", Class of 2011 - This is your **Mantra** - This is your **Mission** - This is your **Motivation** - And this is indeed your **Moment**. You are the future of Belize — The choices you make today will determine the kind of Belize we have tomorrow. You have intelligent brains in your heads and young feet in your shoes — Stand up — March-on to higher education and make Belize truly proud of you. Congratulations - And my God Bless us all. I thank you.

Trapp Hands Himself In To The Police

Courtroom Escapee Captured In Dangriga

SAN IGNACIO TOWN, Cayo, Wednesday, June 8, 2011:

Last week we reported about the police manhunt for **Windell Trapp, 20**, who was wanted in connection with chopping injuries caused to **Jeston Gabb, 23**, as he was walking on 2<sup>nd</sup> Street in San Ignacio town shortly after 6:00 pm on Monday, May 30.

After being on the run for a week, Trapp handed himself in to the police on Tuesday, June 7 which is the same day on which the victim was released from Belize City’s Karl Heusner Memorial Hospital where he was hospitalized for the past 8 days

Trapp spent the night in police lock-up while the “*use of deadly means of harm*” charge

Windell Trapp, 20

was prepared and served to him. He appeared in court on Wednesday, June 8 and was remanded to prison to be returned to court on Monday, August 31 (83 days) being just a week short of 90 days.

Continued From Front Page

policemen surprised him while he was “*chilling out*” at a residence in the New Site area of Dangriga Town.

He reportedly offered no resistance as he was taken into custody. He was transported from Dangriga to San Ignacio that same day and on Tuesday, June 7 he appeared before Magistrate **Dale Cayetano** where he pled guilty to the escape charge.

While an escape charge would carry an automatic, 6 to 12 custodial sentence, The prosecution pressed for the customary custodial sentence, the Human Development Officer however requested otherwise, he told the court that the escapee was a “**smart person with 7 CXC**” and as such should not be sent to jail.

Concurring with the request from the Human Development Officer, Magistrate Cayetano imposed a \$500 fine instead of confinement ordering for the fine to be paid by August 31 in default 6 months imprisonment.

Magistrate Cayetano then proceeded to hear the substantive charges of robbery and aggravated assault against the accused.

He pleaded not guilty to both charges and was offered bail in the sum of two thousand dollars to reappear in court on Friday, July 29, 2011.

The accused was unable to meet bail before the jail ride left town on Wednesday evening and so he was transported to the central prison where he will remain until he is either released on bail or returns to court as scheduled.
