Town, Cayo, Thursday, July 7,
2011:**

Routine commercial activity around the midway point on Burns Avenue in San Ignacio Town was disrupted today by an early evening fire.

San Ignacio police records reveal receiving the first call at exactly 2:46 this Thursday afternoon and, in accordance with standard operating procedures, the receiving policeman immediately got on the telephone and conveyed the information to personnel on duty at the nearby fire station.

After the blaze was brought

under total control, the local fire chief, **Mr. Fidel Castanede**, who displayed extreme professionalism under obvious tremen-

dous pressure, took time out to speak with us. He said: *“After receiving the call from the police, we immediately sprang into action and responded with our two available fire tenders, one stationed in San Ignacio and the other in Santa Elena Town, each with their 600 gallon water tanks full to capacity. When we arrived on the scene the upper wooden portion of the building was totally engulfed in flames. We dumped all 1,200 gallons of water on the flames after which I directed one of the tenders to the Macal River, located about a thousand yards from the scene, and we began drawing water from that open source. We later hooked up the second tender to a nearby fire hydrant on Burns Avenue and began attacking the flames. We were able to contain the fire within the one building. At this early stage, we are still investigating other aspects of this unfortunate incident but as soon as we have additional information we will gladly convey that information to the media.”*

Let's remain safe and healthy and avoid eating Bay Snook from the Macal River.

Burns Avenue Blaze - Tremendous Material Losses

Continued From Front Page

assistance from neighborhood business persons, three other factors that assisted in containing the fire were 1) the relatively calm prevailing weather condition at that time of the day with hardly any wind blowing, 2) the two storey cement wall of Ayaana's Super Store, the new building on the right side of the blaze and 3) a downpour of rain while the fire was raging.

Three vehicles parked immediately in front of the burning building were spared extensive damages when policemen, with assistance from concerned citizens, braved the heat and pushed them to safety away from the fire.

The intensive heat shattered glass windows from Ayaana's Super Store, the building on the right side of the fire. It also cracked the glass from Santiago Castillo's warehouse and the two front glass windows from the lower portion of the Venus Hotel both located across the street from the blaze.

While fire experts are yet to determine the igniting factor, preliminary investigation

revealed that the fire began inside a back section of the upstairs wooden portion of the two storey building which was occupied by a couple, **Santiago Requena** and **Carmen Morales** along with their four children ranging between the ages of five and nine.

Initial investigation further revealed that the children were reportedly home alone as the father was at work and the mother was away on an errand. Fortunately, all four screaming and frightened children, without any bodily injuries, were rescued by a good samaritan who was on the scene during the initial stage of the blaze. Notwithstanding, the children were taken to the San Ignacio Community Hospital for evaluation where they were met by their equally frightened mother.

The lower portion of the building housed Oscar Cano's Jewelry store on the right and a Hindu store on the left with the Hindu store occupying that section which once housed the registration office of the Elections and Boundaries Department.

While Oscar Cano, assisted by

his employees, was able to rush out of the burning building with two glass showcases containing mostly coral jewelry and other trinkets, his sizable inventory of gold and silver jewelry, along with the equipment and other tools of his trade, were totally consumed by the fire.

It was likewise a total loss for the Hindu businessman as all the merchandise inside his store was destroyed in the blaze.

The building was the property of Belize City businessman, **Leopold "Polo" Silva**, owner of Venus Photos and Records store located at the corner of Albert and King Streets in Belize City.

In a brief telephone interview with the , Mr. Silva, from his Belize City store, informed that he was keeping abreast of the situation via telephone with relatives in San Ignacio and that he was waiting for the five o'clock closing time before heading to San Ignacio to get a first hand assessment of damage. He additionally informed that the building was covered by Atlan-

tic Insurance.

Apart from the owner of the building along with the two business persons in the lower flat and the family residing in the upper section of the building, the fire further affected Oscar Cano and members of the Dream Marching Band. According to **Jimmy Gongora**, an affiliate of the band, the group lost all its instruments, valued at over thirty thousand dollars, stored in the upstairs portion of the building.

Eight Belizeans Completed Intensive Chef Level II Studies

BELIZE CITY, Belize, Monday, July 4, 2011:

The Belize Tourism Board (**BTB**) and the Organization of American States (**OAS**) concluded a nine month Pro Chef Level II Certified Chef De Cuisine Program at the Institute for Technical and Vocational Educational Training (ITVET) in Belize City last week Thursday, June 30, 2011.

A total of eight Certified Culinarians participated in the intense nine-month program specifically designed to enhance their proficiency in basic food science, baking, nutrition, basic management and advisory skills. Based on the Culinary Institute of America's (CIA) Pro Chef Level II Certification, the course also provided them with a basic understanding of the components of financial controls as it pertains to the management of a food operation or business.

In addition to oral and written examinations, the program consisted of practical exams,

designed primarily to test the aforementioned aptitudes.

International Volunteer Advisor, **Bryan Fordham** of the Canadian Executive Service Organization (**CESO**), was contracted to execute the practical component of the Certified Chef De Cuisine Program for the three-month period.

Founded in 1967, CESO is a non-profit organization that helps to build proud independent communities.

Over 2,800 Volunteer Advisors on the CESO roster share their professional experience by serving as mentors, advisors, and trainers to their clients.

The Certified Chef De Cuisine Program marks the final year of project activities executed in Belize under the Capacity Building: Tourism Training & Certification Project.

This project is a three-year multinational development which aims to continue the work which begun in 2001 under the

OAS and United States Agency for International Development's Small Tourism Enterprise Project (STEP). It is geared toward strengthening the capacity of small and medium size tourism enterprises in Belize and in the Caribbean. It also seeks to enable each

participating Caribbean country to increase their participation within the modern economy by providing them with the opportunity to improve their human resource capacity through the delivery of skills training and internationally recognized certification to individuals presently employed as well as those desirous of being employed within the tourism and hospitality sector.

Summer Classes In Language Arts And Mathematics For Primary School Students

BELMOPAN, Wednesday, July 6, 2011:

Recognizing the need for improvement in Language Arts and Mathematics at the primary school level, the Ministry of Education is embarking on a summer camp countrywide to assist students in these two critical subject areas.

This has become necessary says Ministry of Education officials due to the results of the recent National Primary School Examinations (PSE) indicating that students are struggling in these subject areas and if this trend continues they will face many challenges as they enter into high school.

The ministry is assisted in this endeavor by a cadre of trained and certified educators.

The summer camp is scheduled to commence on Monday, July 11, 2011 and will run until Friday, July 22, 2011. It is specifically geared towards targetting those students who will be sitting the PSE in 2012.

The ministry encourages parents and guardians to send their children to the nearest camp so as to provide them with the opportunity to sharpen their skills in these two areas and in so doing assisting them in returning to school better

equipped to manage these core subjects.

Just PUSH, PUSH, PUSH

A man was sleeping one night in his little house when suddenly his room filled with light, and God appeared.

The Lord told the man he had work for him to do, and showed

him a large rock in front of his house.

The Lord told him to push against the rock with all his might. So, the man did, day after day.

For many years he toiled from

sunup to sundown, his shoulders set squarely against the cold, massive surface of the unmoving rock, pushing with all his might!

Each night the man returned to his little house sore and worn out, feeling that his whole day had been spent in vain.

Since the man was showing discouragement, the Adversary (*Satan*) decided to enter the picture by placing thoughts into the weary mind (*like he does every time*).

"You have been pushing against that rock for a long time and it hasn't moved." said Satan to the man. He gave the man the impression that the task was impossible and that he was a failure. These thoughts discouraged and disheartened the man.

Satan continued, *"Why kill yourself over this? Just put in your time, giving just the minimum effort; and that will be good enough."*

That's what the weary man planned to do, but before doing so he decided to make it a matter of prayer and to take his troubled thoughts to the Lord.

"Lord," he said, *"I have labored long and hard in Your Service, putting all my strength to do that which you have asked. Yet, after all this time, I have not even budged that rock by half a millimeter. What is wrong? Why am I failing?"*

The Lord responded compassionately, *"My friend, when I asked you to serve Me and you accepted, I told you that your task was to push against the rock with all of your strength, which you have done."*

The organizing committee takes this opportunity to extend a heartfelt thank you to the following companies and individuals who donated so generously to the cause including Social Security, Belmopan Branch; St. Martin Credit Union, San Ignacio Branch; Atlantic Bank, San Ignacio Branch; C P Gas Station, Santa Elena; A & R Enterprise Western Highway, Santa Elena; Shells Gas Station, San Ignacio; Mrs. Edith Bejerano from Carillo Puerto Hardware; China Town, Santa Elena; Three Flags, Santa Elena; Mrs. Norberta Pulido, Santa Elena and the San Ignacio/Santa Elena Town Council.

For more information, please, contact **Beatriz Moreno** at telephone numbers 804-3658 or 664-2419 or by e-mail at santaelenalibrary1@yahoo.com

Never once did I mention to you that I expected you to move it. Your task was to push. And now you come to Me with your strength spent, thinking that you have failed.

But, is that really so? Look at yourself. Your arms are strong and muscled, your back shiny and brown; your hands are callused from constant pressure, your legs have become massive and hard.

Through opposition you have grown much, and your abilities now surpass that which you used to have. True, you haven't moved the rock. But your calling was to be obedient and to push and to exercise your faith and trust in My wisdom. That you have done. Now I, my friend, will move the rock."

At times, when we hear a word from God, we tend to use our own intellect to decipher what He wants, when actually what God wants is just simple obedience and faith in Him.

By all means, exercise the faith that moves mountains, but know that it is still God Who moves the mountains.

*You can shed tears that he is gone,
Or you can smile because he lived,
You can close your eyes and pray that he will come back,
Or you can open your eyes and see all that he has left.
Your heart can be empty because you can't see him
Or you can be full of the love that you shared,
You can turn your back on tomorrow and live yesterday,
Or you can be happy for tomorrow because of yesterday.
You can remember him and only that he is gone
Or you can cherish his memory and let it live on,
You can cry and close your mind be empty and
turn your back,
Or you can do what he would want:
smile, open your eyes, love and go on.*

Two Outstanding Citizens Honored By The Rotary Club Of San Ignacio

Honoree, Julian Sherrard (L) receiving certificate from Rotary President William “Bill” Butcher (R)

Honoree, Eugene “Hode” Burns (L) receiving PIN from Rotary President William “Bill” Butcher (R)

BY: Cynthia Reece
SANTA ELENA TOWN, CAYO, Saturday, June 25, 2011:

The Rotary Club of San Ignacio today honored two outstanding citizens during an official ceremony held at the Aguada Hotel in Santa Elena, Cayo

The two honorees are **Mr. Julian Sherrard** and **Mr. Eugene “Hode” Burns**.

Unaware of the Club’s intention to publicly recognize them for their dedication to service, both honorees were pleasantly surprised when the Club bestowed the Paul Harris Fellows on them at the dinner/dance celebration.

These two outstanding citizens have contributed tremendously to Rotary and the local communities through their personal efforts and their businesses.

Julian Sherrard is the owner of the Orange Gifts Stores located at Floral Park, mile 60 on the Western Highway between the villages of Georgeville and Unitedville.

Eugene Burns is the owner of Hode’s Place, a popular restaurant and entertainment center located in the Savannah Area of San Ignacio Town.

Each honorees received the Club’s lapel pin and certificate recognizing them as Paul Harris Fellows. They were accompanied by their wives, **Mrs. Olda Sherrard** and **Mrs. Nazette Burns**.

The ceremony, at the Aguada Hotel in Santa Elena Town including dinner and dancing. It was truly a fun filled, and enjoyable event for all.

The club would like to extend a very special thank you to **Shalue Butcher** and the staff of the Aguada for the exceptional food, decorations, drink and service.

The Paul Harris Fellow designation is a great honor within Rotary Clubs. It reflects a high level of participation and giving with the local community and internationally.

The San Ignacio Rotary Club earns the Fellow designations through its financial contribu-

tions internationally and through the projects undertaken by the club locally.

The Rotary Club of San Ignacio was honored in 2009 as a 100% Paul Harris Club, meaning every member of the club had earned that designation.

Another highlight of the event was the annual Handing and Taking Over Ceremony where the club officers from the previous year hand over the responsibility of leadership to

Incoming President of the Sacred Heart College Interact Club Miss Teresita Boteo

new club officers.

Outgoing President (2010 - 2011) **Mr. Bill Butcher** handed over the leadership of the club to **Ms. Jana Uhlik** who is now charged with leading the club as President for 2011- 2012.

The San Ignacio Club is supported in the Rotary District by other Rotary officials who were also in attendance including **Mr. Paul Hunt** and **Mr. Salvador “Junior” Espat**, both from Belize City.

Speakers at the event included **Miss Teresita Boteo**, the incoming President of the Sacred Heart College Interact Club. She took the opportunity

Scared As Hell

Two football teams charter a double-decker bus; they're going to Atlantic City for the weekend.

One team is in the bottom of the bus, and the other team is in the top of the bus.

The team down below is living it up when one of them realizes he doesn't hear anything from the top.

He walks up the stairs, and

here are all the guys from the second team clutching the seats in front of them with white knuckles, scared to death.

He says, "What the heck's goin' on up here? We're down here having a grand old time."

One of the guys from the second team says, "Yeah, but you guys've got a driver!"

Definitely

A kindergarten teacher one day is trying to explain to her class the definition of the word "definitely".

To make sure the students have a good understanding of the word, she asks them to use it in a sentence.

The first student raised his hand and said "The sky is definitely blue".

The teacher said, "Well, that isn't entirely correct, because sometimes it's gray and cloudy".

Another student says, "Grass is definitely green."

The teacher again replies "If grass doesn't get enough water it turns brown, so that isn't really correct either."

Another student raises his hand and asks the teacher "Do farts have lumps?"

The teacher looked at him and said "No...But that isn't really a question you want to ask in class discussion."

So the student replies, "Then I definitely sh*t my pants."

Simple Simon

The Courts Store Manager telephoned his customer Simple Simon.

"Mr. Simon, you got a generator from us more than a year ago, and we still haven't

received a single payment from you."

"So what's your problem," Simon protested, "You told me that it would pay for itself in 12 months."

A Mother And Her Two Sons Remanded To Prison

Continued From Front Page

A thorough search of the house yielded nothing illegal. The search was subsequently extended to the yard where, about 10 feet from the house, a member of the search party, reported the discovery of a black plastic bag and when it was opened, in the presence of the accused, it was found to contain a point twenty two caliber, Ruger brand, rifle with a portion of the barrel sawed off. Also inside the bag were ten live, GE brand, rounds of ammunition of the same caliber. The discovery led to the immediate detention of the two Kelly brothers along with their 62 year old mother, who was present inside the house at the time of the discovery.

The two Kelly brothers and their mother were transported to the police station where they were later arrested and jointly charged for keeping a prohibited firearm and for keeping ammunition without a gun license. They spent the weekend in police custody and were taken to court on Monday, July 4 where they all pleaded not guilty to both joint charges. After

advising them of the serious nature of the charge and the mandatory period of confinement in the first instance, Magistrate **Dale Cayetano** proceeded to remand them to prison for the stipulated ninety-day period or until they can secure bail by way of an order from the Supreme Court. They are scheduled to return to court

on Tuesday, October 4, 2011. The sudden change in lifestyle has reportedly affected the mother's health requiring hospitalization for a few days, under police guard, at the San Ignacio Community Hospital. She was later released from the hospital and back into police custody. On Thursday, July 7, she was transported from San Ignacio, first to the Belmopan police station and, a few hours later, to the central prison in Hattieville. With no prior knowledge of the activities of the Kelly brothers and even less of their mother, a senior citizen, we prefer to err on the side of mercy and in so doing we are refraining from publishing the mother's name and her photograph.

Belizeans With Dual Citizenship Need To Become Actively Involved In The Diaspora Initiative Program

BY: Wellington C. Ramos

Most Belizeans with dual citizenships are not aware of the fact that when Belize attained political independent under the People's United Party (**PUP**) on September 21st, 1981 natural born Belizeans who possessed citizenships from another country were no longer citizens of Belize.

The PUP government went further and granting amnesty to thousands of people from El Salvador and other non Belizeans and gave them lands and other rights in Belize while depriving us of our inherent rights.

When the United Democratic Party (**UDP**) came to power for the first time on December 4, 1984 defeating the PUP by a margin of 21-7, they amended the Constitution of Belize and included a Dual Citizenship provision which states that once you are a natural born Belizean citizen you will always remain one even if you become a citizen of another country.

In addition the new law provided for the filing for Belizean citizenships for spouses, children, grand children and other offspring defined in law as Belizeans By Descent. This right having been

established, Belizeans living in the United States of America and elsewhere abroad must be aware of the fact that their interest is better served with a UDP in governments as opposed to one of the PUP who have never legislated anything to benefit Belizeans living abroad with Dual Citizenships.

No government of Belize will give us anything unless we work with them and make our demands known. All of us must work together to secure our rights and those of our children, grandchildren and our future generations to come. With a caring and compassionate government in place, the time to do so is NOW!!!

Notwithstanding, there are still some issues that Belizeans with Dual Citizenships are concerned about such as; obtaining parcels of lands, housing programs, getting passports on time, having access to their Embassy and Consular Representatives in the United States, Proxy Voting, Dual Citizenship Rights, Running for office in Belize while maintaining their Dual Citizenships, Amending Article 7 to the Belizean Constitution, Investing in the Belizean economy and getting access to documents from Belize.

Foreign Minister Wilfred "Sedi" Elrington recently commended Belizeans living abroad for sending their remittances to their loved ones in Belize to assist their families and help boost their country's economy.

When the Foreign Minister first took office, his top priority was to negotiate with the

Guatemala, the procedures for an attempt to resolve the old territorial dispute between Guatemala and Belize.

The governments of Belize and Guatemala have both ratified the agreement and they are going to schedule a date to have a referendum in both countries soon. Once the people have approved the agreement in a Referendum for final passage, they will proceed to the Caribbean Court of Justice (**CCJ**) for a hearing on the matter.

I have observed that since Foreign Minister Elrington completed his first task with the Guatemalan issue, he has stepped up his activities in the area of foreign trade to bring investments into Belize to revitalize the Belizean economy.

In addition, he has also reached out to the Belizean community living in the United States of America to get involved in their country's affairs to assist the government with its efforts to build the economy of Belize.

He is also Belize's Minister of Foreign Trade which is to travel abroad and bring investments to Belize.

Belize has a vast amount of land and a small population which gives the country the golden opportunity to encourage many of its citizens to engage in farming and to start up factories to produce goods and services from their agricultural products.

Unemployment is very high throughout the country of Belize.

Economic studies conducted over the years indicates that if more Belizeans were to become innovative and start their own businesses, it would reduce the unemployment rate by half the current rate.

Many Belizeans say that it is difficult to start their own businesses but many immigrants who have come to Belize from neighboring Central American republics and from as far away as China have done so and they seem to be doing quite well in Belize. It is reaching the point where some Belizeans have become resentful of these new entrepreneurs and they are going around crying that the foreigners are taking over the

country.

Belizeans living in the United States of America and elsewhere abroad must play a vital role in all aspects of Belize's development if Belize is to be a major industrialize and technological nation in the 22nd century. The present Government of Belize government is fully aware of this fact hence the reason why they have championed this Diaspora Initiative for its citizens living outside of Belize.

The Dean Barrow administration and our Foreign Minister should be commended for the outstanding work they have done since taking over the reigns of government in February 2008. Many Belizeans are amazed at what this government has accomplish in such a short period of time knowing what the government inherited at the time of taking over in 2008.

Attracting investors to Belize is good for the economy as it provides jobs for our people.

Honesty and integrity are two of the most important qualities this Foreign Minister possesses. He is a true Belizean and could be described as a Belizean Nationalist. You can trust him to negotiate on behalf of Belize and Belizeans.

I can assure you that this government under the leadership of this Prime Minister **Honorable Dean Barrow** and Foreign Minister **Wilfred Elrington**, will never sign any agreement that is not in the best interest of Belize and the Belizean people.

Many foreigners are getting to like our country more than us and if we do not get a piece of Belize now, our chances of getting a piece in the future will become more difficult.

The way things are looking in the United States of America today, it would be wise to have something in your native homeland because your American citizenship could be revoked in an instant but your Belizean citizenship is a lifetime guarantee.

To all my fellow Belizeans living beyond the borders of our wonderful country: Let us demonstrate to our Belizean government how much we care about our beloved country Belize by getting actively involved in the Diaspora Initiative Program.
