A Man And A Boy Found In Possession Of Items Reported Stolen In A Home Invasion

SAN IGNACIO TOWN, Cayo Thursday, August 18, 2011:

As investigation continues into the July 30 invasion of the Martin Galvez Street, San Ignacio Town residence of Salvadoran businessman, **Saul Barrera**, police report this week the arrest of a man and a boy found in possession of several items stolen in the home invasion.

At around 11:00 am on Wednesday, August 10, acting upon information received a team of policemen visited a residence located at #187

Western Highway, in that area popularly known as “*Hot Point*” where they recovered a white Wii Nintendo game with charger and 8 controls and with a black digital slide picture frame valued at \$1,200 and \$200 respectively. All items were positively identified by Barrera as his property being some of the items stolen in the July 30 invasion of his house.

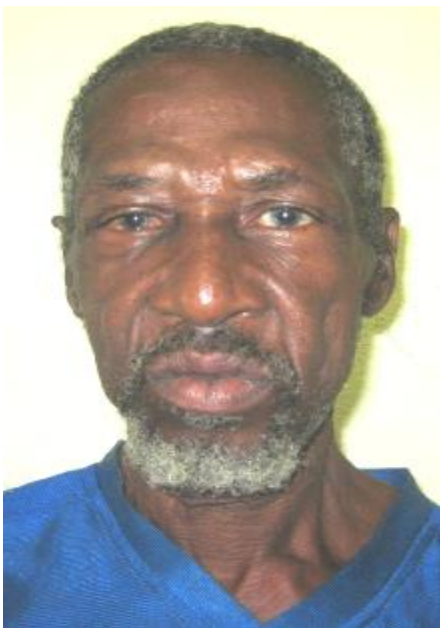

The recovery led to the arrest of **Harrison Wellington** and a 15 year old boy who was present at the time of the search.

They were instantly detained

and transported to the police station in San Ignacio where they were later arrested and formally charged for handling stolen goods. They both pleaded not guilty to the charge and were remanded to the central prison in Hattieville and are scheduled to return to court on Tuesday, October 25, 2011.

While four members of a notorious San Ignacio gang were reportedly detained for the actual invasion, they were later released without charge as investigators were unable to come up with evidence to support charges against them.

Barrera’s \$60,000 Isuzu D-Max, stolen in the incident, was recovered intact five days later in the Trapiche Area of

FIFA Clears Belize To Continue Playing

Associated Press

Posted on August 17, 2011 at 7:00 AM

ZURICH (AP):

FIFA has cleared Belize to continue playing in World Cup qualifying next month by lifting the threat of suspension after government interference in the national federation's affairs.

Belize's sports ministry has long-standing disagreements with federation president **Bertie Chimilio**, a member of FIFA's appeals committee, over alleged

election wrongdoing.

FIFA says the ministry has now promised *"unconditional support for the national team in the upcoming World Cup qualifiers."*

Belize plays in a CONCACAF region second-round group with Grenada, Guatemala and St. Vincent-Grenadines between September and November.

FIFA's peace plans calls for Chimilio and other soccer officials to face elections by December 10.

appeared to be a black handgun and the other was armed with a large knife. He began struggling with them and in the process he sustained a cut wound to the thumb of the left hand and another to the big toe of his left foot.

Choco also reported spotting a third masked, male person in the yard.

The two men reportedly made off with two cellular telephones, of unknown brand and \$145 dollars in cash.

The investigation into this latest home invasion continues.

Police Finger Printing System Going Digital

BY: Raphael Martinez
Public Relations Officer
Ministry of Police and Public Safety

BELMOPAN, Thursday, August 18, 2011:

The Belize Police Department receives automated fingerprint identification system (AFIS) through the Central American Regional Security Initiative (CARCI).

Several months ago, courtesy of the CARSI program and the United States Government, Belize received 6 electronic fingerprint scanning units.

A unit will be assigned to the police station in each district and this will allow for the convenient taking of fingerprints in each district.

Scenes of Crime personnel and police officers from each district formation have been trained in the proper use of this equipment.

Presently, the department has over 60,000 fingerprints which were taken manually over the past 40 years and need to be inputted into the database to facilitate quick comparisons and analysis.

As part of the contract, AFIX TECHNOLOGIES, the company that supplied the equipment, has sent four technicians to Belize to assist the Police Department with the inputting those 60,000 fingerprints through the use of high speed scanners and archiving system.

This assistance will allow the department to expedite the process of inputting fingerprints into the database in a much

shorter period.

The Police Department is grateful for this assistance provided under the CARSI program.

Special Education Classroom For Santa Elena School

BY: Deborah Reneau

SANTA ELENA TOWN, Cayo, Thursday, August 18, 2011:

Construction began last Tuesday, August 9 on a Special Education Classroom at Santa Elena Primary School (SEPS) for which the administration and staff is excited.

We have had the wonderful opportunity of visiting the site and chatting with the contractor,

Mr. Sherman Garbutt and the works foreman, **Mr. Sherwin Garbutt**.

We are so pleased to know that our students with Exceptional

Learning Needs will have a very unique and specifically adapted environment to provide for their special needs, that is conducive to their learning styles and abilities.

Government Responds To Orders Issued By The Caribbean Court of Justice

BELMOPAN, Wednesday, August 17, 2011:

In responding to orders issued on Tuesday, August 16, by the Caribbean Court of Justice (CCJ), the Government of Belize informs that the applicants, **Dean Boyce** and **British Caribbean Bank (BCB)**, were given leave to appeal against the refusal of the Belize Court of Appeal to make orders giving back Telemedia to the Ashcroft Alliance or giving damages to BCB.

Th CCJ pointed out that such an appeal would be futile unless the applicants could first get the Supreme Court of Belize to strike down the 2011 Act under which Government reacquired Telemedia; and unless the applicants could also get the Supreme Court to strike down the 9th Constitution Amendment Bill (*validating that 2011 reacquisition Act*) after it becomes law.

The CCJ, as it was bound to, refused the application for an injunction to stop the National Assembly from passing the 9th Amendment Bill. That is vindication of GOB's position that no court is above the Constitution of Belize or above the right the Constitution gives to the National Assembly to amend the Constitution.

The CCJ also gave an injunction restraining Government from selling shares in Telemedia until after CCJ has heard the appeal against the refusal of the Court of Appeal to give the orders the Ashcroft alliance wants. But once the 9th

Amendment Bill is passed the appeal will inevitably fail, the injunction will fall away and Government will be free to continue sale of minority Telemedia shares, including to the employees.

The fact also is that the CCJ expressly recognized the right of the applicants (*and all Belizeans*) to go to court to challenge the 9th, or any, Constitutional amendment Bill. This proves that Government was always telling the truth when it insisted that no language or provision in the Bill would bar anyone from access to court.

In Government's view what was most important about yesterday's developments is the confirmation it provided of the Ashcroft Alliance's implacable determination to defeat the will and sovereignty of the Belizean people. It must be just as clear, though, that Government will never let that happen. But the greatest weapon to safeguard the now nationally owned Telemedia from Ashcroft's continuing billionaire power plays, is the 9th Amendment.

As per the CCJ, as long as that amendment is passed and protected the designs of Ashcroft will fail. Government therefore calls once again on all nationalistic Belizeans to support the Belize Constitution (*9th Amendment*) Bill.

Government knows that there is already near unanimity in our country when it comes to enshrining ownership of the utilities in the Constitution. But there were some that had

reservations about some of the language and provisions of the Bill.

Government hopes that the CCJ confirmation that the Bill does not and cannot deny access to the courts, will have satisfied those reservations. However, the rock solid national unity that will be required to see off the Ashcroft alliance once and for all, obliges Government to make assurance doubly sure.

Accordingly, Government will be meeting with various organizations and groups even outside of the official public consultation process.

These meetings, together with the broader consultations, will produce the kind of consensus, government is certain, which will unify and empower us as a nation to unwaveringly and successfully defend the 9th Amendment, and our patrimony, against all comers.

Special Education Teacher, **Ms. Celia Monroy** and students are looking forward to a productive and exciting new school year in their new building.

The administration and staff of SEPS would like to once again express our deep appreciation for the joint efforts of the Belize Natural Energy Trust (BNET - a partnership between the Government of Belize and the Belize Natural Energy) and the Ministry of Education for providing the opportunity for development in all areas of the school's program.

INCLUSION is key to the success and progress of all schools and our society at large, as we become 'true' Global citizens.

We look forward to continued community support and a genuine camaraderie between all stakeholders and partners.

The vision does not stop here. But as the school continues to expand and grow we hope to improve the facilities, add more classrooms, an auditorium and a playground.

We welcome partners from our local community and international friends to join us in making SEPS a beacon in our nation.

"It's all about building firm partnerships in our quest to empower others and unlock the full potential of our people and country." commented General Manager of the Trust, **Mrs. Tracy Panton**.

A Trip To The Neighbour's House

Mr. Smith comes to his wife, **"Honey, could you please sew on a wee button that come off of my fly? I cannot button my pants."**

"Oh Dear ... I've got me hands in the flour bowl, go over and see if Mrs. Jones could help you with it."

About five minutes later there is a banging on that door accompanied by loud yelling. In

Mrs. Smith looks at him and says, **"My god, what happened to you?"**

"I asked her to sew on the wee button and she did. Everything was going fine but when she bent over to bite off the wee thread, Mr. Jones walked in..."

Mayor John August Jr Leading The UDP Team Into Municipal Elections For The Third Time

SANTA ELENA TOWN, Cayo, Monday, August 15, 2011:

Two thousand two hundred and seventy five persons voted in the United Democratic Party (UDP) municipal convention held on Sunday, August 14 at St. Ignatius High School in Santa Elena Town.

Incumbent Mayor, John August with 1,375 warded off the challenge for the third consecutive time this year as he emerged victorious over Eduardo “Salim” Juan, 585 votes; Ignacio Barrera, 150 votes and Narciso Ayala, 105 votes. There were fifty seven spoilt ballots.

The first six candidates, from the following eleven contesting Sunday’s convention, will form the team along with Mayor John August on the UDP slate for the March 7, 2012 municipal elections in the twin towns of San Ignacio and Santa Elena:

1. Incumbent Councilor, Bernadette Fernandez, 1,471

Shortly After The Announcement Of The Results (L-R): Vanessa Neal, Earl Trapp Jr. Shary Medina, Mayor John August Jr., Bernadette Fernandez, Michael Salazar and Moses Chuc

votes

2. Incumbent Councilor, Earl Trapp Jr, 1,370 votes.
3. Newcomer, Shary Medina, 1,134 votes.
4. Incumbent Councilor, Vanessa Neal, 1,014 votes.
5. Newcomer, Michael Salazar, 979 votes and
6. Incumbent Councilor, Moses Chuc, 969 votes.

The other five candidates who did not make it to the slate are:

7. Incumbent Councilor, Eduardo Cano, 852 votes.
8. Newcomer, Charles Cabral, 819 votes.
9. Incumbent Councilor, Desol Neal, 817 votes.
10. Newcomer, Jimmy Gongora, 807 votes and

11. Newcomer, Domingo Pacheco, 673 votes.

A total of 115 councilor votes were spoilt mostly because of the voting for more than the required six candidates.

In a subsequent interview with the STAR, Mayor John August informed that, while he is saddened by the departure of Councilors Desol Neal and Eduardo Cano, the outcome of the convention is reflective of the wishes of the voters. *“The new team”, he said “appears tailor made in that apart from their individual competencies, the team is made up of three females and three males with two coming from each of the three electoral divisions in the municipality. We have two persons each from Cayo North, Cayo Central and Cayo Northeast.”*

“This make up” he said “will provide equal representation in the new Town Council.”

The PUP convention is scheduled to be held between 9:00 am and 4:00 pm. on Sunday, August 28, at St. Andrews Anglican School in San Ignacio Town.

STAR Delivering The Closing Remarks

The ocaasion was the Friday, August 12, official inauguration of the Orange Walk East Sports Center in Orange Walk Town where STAR Publisher, **Alberto August** was invited to deliver these closing remarks.

Thank you very much Mr. Master of Ceremony.

Good night everyone. My name is **Alberto August**. I am one of three government representatives on a six member board of trustees of the Belize Natural Energy Trust with the other three members representing the Belize Natural Energy Limited.

Recognizing that delivering the closing remarks at any event

is usually confined to saying thank you to all the many persons who worked long hours to make the event possible, I would like, with your kind permission, to deviate for just a moment to do two things.

First, I would like to speak just briefly about the Trust and secondly I would like to give you a brief overview of the project we are inaugurating today.

The **Belize Natural Energy Trust** is a partnership between the Government of Belize and the Belize Natural Energy Limited. It was born on February 25, 2008 with the signing of a Trust Deed by the Government of Belize and the Belize Natural Energy Limited.

Under this agreement, the Government of Belize has committed to forgo point nine percent of the gross revenues from oil to finance the projects and programs of the Trust.

The bulk of the funds therefore coming into the Trust is by way of quarterly remittances from

the Belize Natural Energy Limited. These funds currently hovers around 2 million dollars per annum.

The Trust is mandated to manage these funds in a sustainable manner for General Education and Social Education purposes always with a view to unlocking potentials and empowering the Belizean people.

Under the Agreement, the Chairmanship of the Trust rotates every two years between the Government of Belize and the Belize Natural Energy Limited. The Government of Belize currently holds the chairmanship, up to March 2012, in the person of **Mr. Orlando "Landy" Burns**.

The Trust issues annual calls for proposals in keeping with its core functions, all such proposals are first reviewed by a project steering committee which recommends those for funding to the plenary of the Board.

In the current funding cycle, the Trust is managing 23 projects countrywide. This is one of those completed projects that we are today inaugurating.

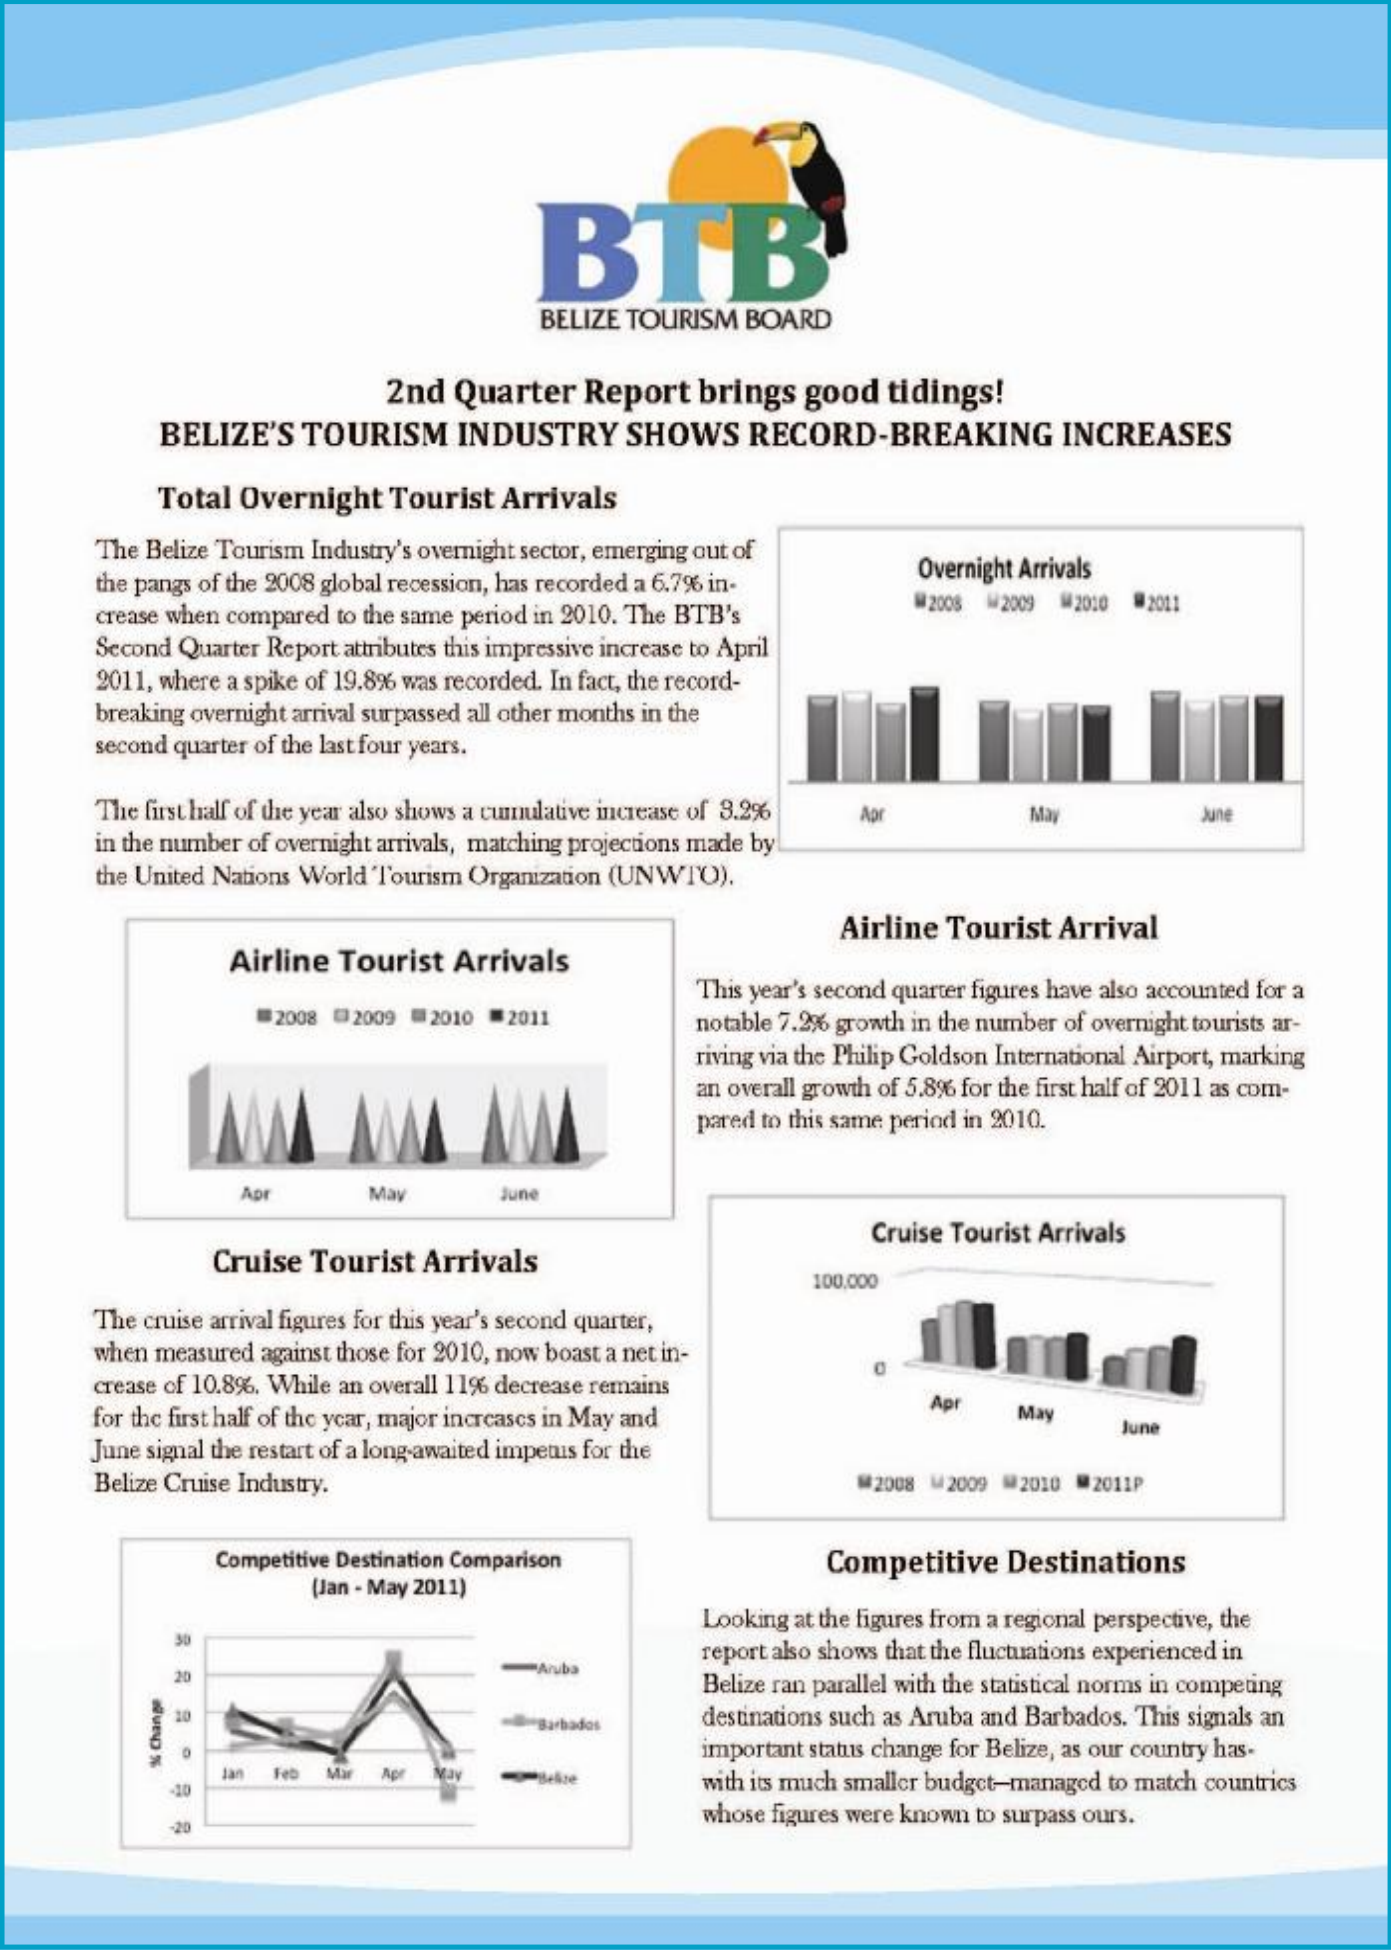

In Orange Walk Town there is also an almost 100 thousand dollar expansion project either underway or soon to be started at St. Peter's Anglican Primary School. There is also, at least two or three other projects in this District.

Now to this particular project; this project was known to us on the Board, as the **Orange Walk East Committee Basketball project**. The contract was signed on April 27 of this year. It was completed around the end of July which was well within the three month schedule and for that we congratulate the contractor **Mr. Stanley Smith**.

The scope of the works included the rehabilitation of the basketball court; The construction of a new ticket booth, extension of the bleachers, rehabilitation of the backboards, rehabilitation of the male and female bathroom, a cafeteria and necessary drainage.

Quite a lot of work indeed for less than 70 thousand dollars. It is therefore safe to say that we, all of us, got true value for monies spent. It is only fitting therefore that I ask you to join

me in a round of applause for the contractor, **Mr. Stanley Smith** and his crew.

I would now like to take this opportunity to thank Chairman Orlando Burns and colleagues on the Trust for their dedication to the realization of this project and for their commitment to the realization of other projects countrywide.

Recognition is also very much in order for **Mrs. Tracy Panton**, General Manager of the Trust, for her steadfast commitment to ensuring that the Trust moves full speed ahead in empowering people and unlocking potentials. The General Manager unfortunately could not be here with us today due to a prior overseas commitment.

We likewise recognize the hard work shouldered by the Project Coordinator of the Trust, **Mr. John Arana**. He is the Trust's representative on the ground monitoring all projects.

Recognition is also in order for other members of the Trust staff including the accountant **Abner Valladares**, the man who writes the cheques, the man who makes sure that the funds are available to execute the

various projects and programs of the Trust.

We are also happy to have **Ms. Elswith Patnett** and **Ms. Alcan Marin** on the dedicated team at the Belize Natural Energy Trust.

We express a heartfelt thank you to the Minister of Natural Resources and the Environment, Deputy Prime Minister, **Hon. Gaspar Vega**, for gracing us with his presence today, for his inspiring remarks and for assisting in the cutting of the ceremonial ribbon thereby signalling the official opening of this improved sporting facility. Thank you Minister.

Chairman Landy Burns, we thank you and the Orange Walk East Committee for allowing us

to be a part of this project in Suga City.

We thank all of you for taking time out to be a part of this event today.

To those who are in charge of this improved facility, we encourage you to take care of it. Maintain it. Keep it in good shape. Don't ever let it fall by the wayside. The way you keep this project could very well be a deciding factor for possible future investments in this project by the Trust.

I close by highlighting another important undertaking of the Trust. It would be remiss of me if I did not touch on the project we call "**Our Signature Student Loan Program**".

In keeping with its general education mandate, the Trust has, to date invested over one half of a million dollars in the

student loan program. These funds have been made available to credit unions in Toledo, Cayo and Orange Walk, with the fourth and fifth coming on stream soon in Belize City and Belmopan.

The current Board of Trustees is committed to expanding this program as the need increases. There is therefore hardly any need for any student not to seek advancement in education as the program is structured in such a way that any student can finance his or her own higher education. We encourage ALL students in Orange Walk to visit the La Inmaculada Credit Union and find out more about this program.

Thank you for coming out. Thank you for being a part of this event today. May God Bless us all. Thank You.

Atlantic Bank Launches New Logo

BELIZE CITY, Belize, Tuesday, August 16, 2011 - On August 16, 2011 Atlantic Bank celebrated its 40th anniversary of providing services to Belize. Atlantic Bank was inaugurated in August 1971 at our Albert Street Branch offering traditional banking services. Today, we offer traditional and innovative banking services that meet and exceed our customers' banking needs.

This year, along with celebrating such a milestone, we are redesigning our logo to symbolize a new era for Atlantic Bank. The new logo is designed to convey a friendly, progressive and trustworthy bank.

The blue represents our connection to our past identity; stability, trust and integrity. The red stroke symbolizes leadership and strength, which is echoed in the red dot above the "i". The green stroke represents growth and endurance and the gold signifies the success in all aspects pursued by our customers, staff, management and shareholders of the Bank. Together the colors reflect our Caribbean and Central American heritage. The triangular shape of the logo also represents the stability we have as a bank. The repeated forward moving strokes symbolize progress as a country, people, and bank.

The new company slogan "Building the Future Together" demonstrates our commitment to the growth and development of the people and country of Belize.

Effective August 17th, 2011, we will start to use the new logo in our advertising, signage and bank forms. The complete phasing out of our old logo, however, will be ongoing within the next few months.

On this important milestone of Atlantic Bank's history, the Board of Directors and management thank all those loyal customers who have been the strength of our growth and development for the past 40 years. Atlantic Bank will continue offering the highest-quality service and innovative products and building strong relationships with our customers.
