### Come Better Or Stay The Hell Out Of Our Town!

It's Thursday night and at the time of writing, the "*Circo De Los Hernamos Ponce*" is pulling off the final act in a straight seven night series.

These observations could probably be attributed to advancing in age but after attending the circus on one of those seven nights, I just simply did not get any thrill from sitting through the 90 minutes of what the circus offered.

While it can be said that ours is an entertainment starved community, this thing coming to town, now for at least a third time, disguised as a circus, is a far cry from what we knew a circus to be when we were children.

We took our child to the circus hoping that he would get the thrill of seeing performers walking the tight rope, eating and spitting out fire, throwing knives at a spinning board with a human being attached to it, sawing a person in half in a casket, seeing a person "*disappearing*" right before our eyes, flying from the high trapeeze, riding a bicycle forward and backwards on a high tight rope while balancing a long bar with a person hanging from each end, seeing an elephant, a giraffe, a lion, a hippo, a bear and other such animals alien to us, seeing a real entertaining clown show etc.

This one came here with nothing of the sort. Apart from an old camel, a llama and 4 tigers, this one came with a cow, four "*maga*" horses and disney characters clad in dirty costumes.

What next, will they return in a few months time with cats, dogs, chicken, ducks and sheep. These are animals we see everyday. Our children want new experiences.

We are consumers of entertainment and so the consumer protection agency must not allow these imposters to dupe us with this kind of mediocre product.

The reality is that they came, they "*ketched*" and they killed us this time. After experiencing the rip off, very, very few are those among us who would return for a second dose of the substandard product they sell. It's like the old adage tells us: "*swindle me once, shame on you. Swindle me twice, shame on me*".

As a community, we must not let these imposters take advantage of us. They might swindle one set of us on their first night after which the word must go around and their big tent must remain empty for every night they remain thereafter. As sure as day follows night, they will get the sense and realize that they cannot come to this town with such crap to sell to the intelligent people of this community. The longer we accommodate them and turn a blind eye, the more they will take advantage of us.

They have already pulled off this one on us. They need municipal approval to pitch their big tent. Yes we know that they pay the municipality to conduct their business here. We voted for political leaders to safeguard our interest. In an ideal society, the interest of the community supersedes all other considerations. We therefore suggest that while **Los Hermanos Ponce** are folding their tents and corralling their "*maga*" animals, they are to be visited by local political leaders who, without mincing words, should read them the riot act, let them know that never again will they be allowed to pull off this kind of act on the Belizean People or stay the hell out of this town.

### San Ignacio Teacher Found Dead Inside Family House

**From Front Page**

body, the trio exited the house through a back door and one of them threw a piece of cloth into a vacant lot on Second Street. The police later visited the area and found the cloth. They reportedly walked together up Second Street and went their separate ways.

**Ron Vasquez**, Belizean cyclist, self employed businessman, was the first to make the gruesome discovery. Vasquez informed that at around 1:30 that Sunday morning he called "*Uncle Marco*" on his two cellular telephones to make sure that he was ok but he did not answer the telephone. The deceased reportedly returned the call about 10 minutes later reportedly informing that he was almost at home and all was well. Ron reportedly told Uncle Marco that he was not coming home for the night as he was sleeping over at the girlfriend's house. This was the last time Ron heard Uncle Marco's voice. He returned to the house at around one o'clock on Sunday afternoon. He was unable to open the front door with his key as the screen front door was bolted from the inside. When he eventually opened the screen door he still could not get into the house with his key as the front door was bolted from the inside. He reportedly called Uncle Marco's cellular telephones and the house phone but no one answered. Upon checking the back door he found it closed but not locked and upon entering he made the gruesome discovery

and immediately contacted the police.

The body was removed from the house and transported to the San Ignacio Community Hospital where it was officially pronounced dead by **Dr. Misael Ramirez** at around 3:30 pm.

The post-mortem examination conducted on Monday, May 14, by Forensic Specialist **Dr. Mario Estradabran**, at the Karl Heusner Memorial Hospital in Belize City revealed the cause of death as Hypo-volemic shock due to stab wounds to the neck.

The investigation led to the detention of three male persons and the reported recording of at least one cautioned statement. With the 48-hour legal detention time quickly running out, a case file was promptly assembled and rushed to the office of the Director of Public Prosecution for direction resulting in the order for the police to do more work on the case. All three detainees were consequently released.

The wake, held on Tuesday, May 15, was attended by a large gathering of relatives, friends and associates.

The well attended 3:00 pm funeral service on Wednesday, May 16, was held at the Sacred Heart Church in San Ignacio.

The body of teacher Marco David Thompson was laid to rest inside the Santa Rita Cemetery also in San Ignacio. We join the community in praying for the eternal resting of his soul.

# From Guatemalan University Of Belizean Jail

**SAN IGNACIO TOWN, Cayo,Tuesday, May 15, 2012:**

Walter Leonel Boteo Ralda, 21, Guatemalan student, on the police wanted list for almost three months, was today caught on Guadalupe Street in San Ignacio Town as he was attempting to escape from the police.

The arrest stems from a February 24, 2012 report made by Alian Langlois, a retired Canadian businessman, residing in Santa Elena Town. Langlois told the police that he suspected Ralda to be the person who stole his black Glock pistol and over ten thousand US dollars in cash.

Police reports that Ralda was first spotted as he was strolling down Joseph Andrews Drive in San Ignacio Town. Upon seeing the Police vehicle, he reportedly ran into 11th Street and then on to Guadalupe street where he was caught.

The bag he was carrying was searched resulting in the discovery therein of a pistol fitted with an empty magazine. Ralda and the firearm were transported to the police station where the gun was found to be an exact

Walter Leonel Boteo Ralda

match of Langlois’ licensed black Glock pistol with serial number PEM275.

Walter Leonel Boteo Ralda, who told the police that he is attending San Carlos University in Guatemala, was formally

Langlois’ Glock Pistol

arrested and charged with the crime of keeping an unlicensed firearm.

The following day, Tuesday, May 15, he appeared in the courtroom of Magistrate Narda Morgan where he wasted no time in pleading guilty to the charge. He was slapped with an instant 5-year prison sentence. If he was

indeed undergoing university studies as he claimed, then Walter Leonel Boteo Ralda has effectively been transferred from the University of San Carlos, Guatemala, to the University of the Central Prison, at Hattieville, Belize

## Sacred Heart College - Remembers A Deceased Teacher

**Presentation by Dr. Eve Aird, Principal, Sacred Heart College Wednesday, May 16, 2012 on behalf of SHC family at the Funeral of Teacher Marco Thompson**

**Dr. Eve Aird**

**Marco David Thompson.** Marco. Dave. Marco Dave (*which is what I called him*) and even Marco Polo (*I saw that on some of the memorial posters our students made.*) These are all names we knew him as at Sacred Heart College (SHC).

On the SHC Facebook page, and on posters remembering him, students describe him as being a great teacher, a good listener, and kind. For many

of us, he was not only a colleague but he was a brother, a beloved friend.

The daughter of a teacher called him Tio Marco. You see, when people have worked together for as long as many of our SHC staff members have, we become a family.

This is especially true for many of our faculty, past and present, with whom Marco played softball on the Savannah as children, journeyed through “College”, and then grew together into some of the finest teachers in this country. And as such, Mr. Thompson, English teacher, became Marco or Dave or Marco Polo, friend and brother, and for our children he took on the role of a beloved uncle.

In his June 23, 1986 letter of application to the College, Marco expressed his confidence that he would do a good job of teaching Science, History, English and Communication. He also willingly offered his services in other areas such as moderating the Student Council and coaching volleyball and softball.

Marco joined the faculty of SHC in August of that year, left for a three year period to pursue studies in the USA, returned in 1993, and then left in 2001 for a period of 7 years, before returning in 2008. While he was away from SHC he worked at an alternative school in the district, and

**Marco David Thompson, 45**

served as an adult educator at the prison, and then as a counselor there.

In his 2008 letter of application to rejoin the SHC team, he reaffirmed his commitment and respect for SHC. Upon my appointment as Principal and President, I was glad to learn that he was rejoining the SHC faculty/family. After all, I, too, first joined SHC in 1986 – with Marco, and taught alongside him in the English Department before leaving in 1990 for the University of Belize. I knew him well, had kept abreast with his growth, and knew what he could do. As his friend, as his colleague, as his Principal, I have never doubted his commitment and ability to serve SHC, nor his love for the institution and all it represents.

Even when he left, I sensed he was still serving SHC, and in fact, in his application to return he noted that the experiences he garnered in the 8 years he was away from the College, would, in his words, “*allow him to resume dedicated and improved service to SHC.*”

Over the years, Mr. Thompson served SHC as an English teacher, Home Room teacher, Softball Coach, Counselor, and member of the Board as the Faculty and Staff Representative, and even briefly as Bursar. But these are just labels that do not really speak to the quality of service he gave. Like his dedication. His passion for his work. His infectious enthusiasm.

The fact that he was so concerned about his first form children’s reading proficiency that he developed remedial programs to address the problems. The fact that he constantly explored ways to improve his teaching and introduce new strategies and material in the English classroom. The fact that he had a keen sense of his students’ abilities and worried when they weren’t doing their best – and encouraged them constantly. The fact that he honed his counseling skills to address the myriad issues and problems affecting the lives of our students. The fact that he was a good listener and that he cared

about his students and worried about how our deteriorating social fabric affects their lives. The fact that he often bought meals for some children who had none.

None of these qualities were missed by his students, and many parents also recognized them- so much they often went to his home to discuss their children’s progress and problems with him, seeking his advice. A parent called to offer sympathy to the College community and remarked that “**Mr. Marco**” as she called him was able to help her son develop the discipline he needed. On Monday in a staff counseling session, I heard this echoed by many of our colleagues.

I recently had a discussion with him regarding his career pathway, and was happy to learn that he was thinking of pursuing a full career in Counseling (*though I would miss him as an English teacher*). This would have meant that he would have to go back to school, but I knew that would not deter him. He wanted to help people – students – surmount some of the ills in their lives — he liked helping people – he liked helping them develop coping strategies. And he was good at doing this. Many of us at SHC know only too well how much time he invested in counseling at risk youth, both at the High School and the Junior College and, I know he also helped his colleagues. He had a knack of sensing when you needed a shoulder to cry on, or an ear willing to just listen. I believe he gradually realized that helping others was his true calling, as much as he loved teaching. It takes a very, very special person to want to live a life of giving of himself to others in their most critical and painful moments, and he was special.

We will remember Marco for his joviality, for his caring, for his concern for our well-being for his ready smile and hearty laugh, for his quick-wit, his willingness to listen. His generous spirit.

Marco, Dave, we are going to miss you, my brother. You have left the world a better place –you have touched the lives of hundreds of students over the many years of your service at SHC, and you will live forever in our hearts. We grieve your passing but we are comforted by the words of St. Paul in 1 Thessalonians 4:14 “*We believe that Jesus died and rose again and so we believe that God will bring with Jesus those who have fallen asleep in him.*” And, we will pray for peace in this land, and we will “*step up*” our efforts to teach peace to our students. Ms. Mom, Ron, and all of Marco’s brothers and sisters and his extended family, all his friends who knew and loved him, on behalf of his SHC family, I extend our sincere condolences. We share your pain.

# On Their Journey To Explore M.O.R.E

SANTA ELENA TOWN, Cayo, Friday, May 4 2012:

“Sharpen the saw!” Have you ever heard that phrase before? It is what farmers and woodcutters do in order for their job to be easier and more effective.

On May 4 and 5, 2012, the teachers of Santa Elena R.C. Primary School, went to “Sharpen their saws” in order to make children’s learning easier, funny and more effective; by attending an extraordinary workshop hosted by Belize Teacher Leadership Project, Belize Elementary and Belize High School.

The workshop was based on the M.O.R.E. APPROACH, which is Multiple Options for Results in Education. The main purpose of the workshop was, as mentioned earlier, to sharpen the saw, to develop the Olympic Mentality, where the best keeps getting better; to accelerate learning in a brain friendly environment, to be aware of the seven components of the M.O.R.E. Model and how to appreciate the uniqueness of each learner.

Dr. Joyce Swarzman, author of

Dr. Joyce At Santa Elena R.C. Primary School

the book, “It’s All about Kids”; was the facilitators of the workshop. Both Dr. Joyce and Dr. Morrow are partnering with Santa Elena Primary School so as to develop a model school adopting the M.O.R.E. Approach. Dr. Joyce is a very dynamic presenter. The time felt shorter while at the workshop during the two days. The activities done and the stories told, made it difficult for any of the teachers present to take any vacation. Everything was so spectacular, engaging and informative.

At the workshop we were pointed out the three types of vacations that every human being takes, even the richest of the rich, when they are in a classroom or when listening to a

speech. Even though these vacations are “as natural as the sunrise and the sunset”, teachers need to find all sorts of fun activities to minimize these vacations and increase students

appreciate the uniqueness of the learner I need to identify the type of personality they have. The three main personalities are: KTVA (Kinesthetic, Tactile, Auditory and Visual), GASC (the Global, the Abstract, the Sequential and the Concrete learner) and the DEAR (the Driver, the Expressive, the Analytical and the Relater). I learnt that we are wired on this earth for conflict. Therefore, conflict is not the problem; it is how we deal with the problem. Knowledge of these types of people equips the teachers in understanding each student and knowing how to deal with the different behaviors that they demonstrate in our classrooms.

## ★ STAR HUMOR ★

### Some Things Might Just Be Too Good To Be True

Newly wed Anthony takes his lovely wife to play her first game of golf. Of course, the wife promptly hacked her first shot right through the window of the biggest house adjacent to the course.

Anthony cringed, *"I warned you to be careful! Now we'll have to go up there, find the owner, apologize and see how much your lousy drive is going to cost us."*

The couple walked up to the house and knocked on the door. A warm voice said, *"Come on in."*

When they opened the door they saw the damage that was done: glass was all over the place, and a broken antique bottle was lying on its side near the pieces of window glass.

A man reclining on the couch asked, *"Are you the people that broke my window?"*

*"Uh...yeah, sir. We're sure sorry about that,"* Anthony replied..

*"Oh, no apology is necessary. Actually I want to thank you."* said the man. *"You see, I'm a genie, and I've been trapped in that bottle for a thousand years. Now that you've released me, I'm allowed to grant three wishes. I'll give you each one wish, but if you don't mind, I'll keep the last one for myself."*

*"Wow, that's great!"* responded

Anthony. He pondered a moment and blurted out, *"I'd like a million dollars a year for the rest of my life."*

*"No problem,"* said the genie. *"You've got it, it's the least I can do. And I'll guarantee you a long, healthy life!"*

*"And now you, young lady, what do you want?"* the genie asked.

*"I'd like to own a gorgeous home complete with servants in every country in the world,"* she said.

*"Consider it done,"* the genie said. *"And your homes will always be safe from fire, burglary and natural disasters!"*

Then the couple asked almost in unison, *"what's your wish, genie?"*

*"Well, since I've been trapped in that bottle, and haven't been with a woman in more than a thousand years, my wish is to be intimate with the wife."* responded the genie

Anthony looked at his wife and said, *"Gee, honey, you know we both now have a fortune, and all those houses. What do you think?"*

She thinks it over for a few minutes and said, *"You know, you're right. Considering our good fortune, I guess I wouldn't mind, but what about you, honey?"*

*"You know I love you sweetheart,"* said Anthony. *"I'd do the same for you!"*

So the genie and the woman

went upstairs where they spent the rest of the afternoon after which they returned downstairs to a still waiting husband..

*"I had a wonderful time"* said the Genie. *"It was truly fantastic, but let me ask just one question before you leave. How old are you guys?"*

*"Why, we're both 32"*

### Where Has The Element Of Consideration For Each Other Gone?

Dear Editor;

If what I witnessed last week on Burns Avenue was not so serious, it could have easily pass for humor.

Picture the scenario: it was mid morning and workers were in full swing laboring on the new Burns Avenue pavement.

No less than three employees from the electricity company were busy supervising the installation of manholes for their service lines.

My eyes followed an orange electrical extension cord with one end connected to an electric saw in use to cut the blocks to size to fit like the pieces of a puzzle around the electricity man hole with the other end of the cord plugged into an outlet at a popular vintage restaurant across the street.

Wow I thought, this restaurant is actually providing electricity for the electricity company to work on their manhole, GREAT!!

Then the situation quickly changed, along comes the

electricity disconnection man, pliers in hand, ready to cut off the restaurant's electricity supply for late payment of the electricity bill.

The owner begged for the power not to be disconnected as he assembled the cash from his drawer and sped over to the nearby Courts collection agency. The payment, he was told, must include the reconnection fee or else he will be cut.

**This begs the question: Where has our consideration for each other gone?**

## Magistrate Narda Morgan Is Back

This week we announce the return to the bench of San Ignacio's no-nonsense Magistrate in the person of Jamaican Attorney at Law, **Mrs. Narda Morgan**

**Magistrate Narda Morgan**

Magistrate Morgan's first day on the bench was last Monday, May 7.

After being away for a few months on maternity leave, Magistrate Morgan returned to town in early May with the addition of a bouncing new baby boy to the family. We join

the community in wishing the family well.

During her short tenure on the bench, prior to proceeding on leave, Magistrate Morgan earned the reputation of being the "**Pay Forthwith Magistrate**" which has effectively served as a deterrent for many with criminal intent.

It has become common knowledge that when an accused person either pleas guilty or is found guilty, depending on the legally stipulated penalty, that individual must either come to court with money in their pocket or have someone standing by to pay forthwith in order to avoid instant incarceration.

The safest bet therefore is to steer clear of the courtroom of Magistrate Morgan because while she is soft spoken and known to be fair, she has earned the reputation of being stern in the conduct of her judicial duties. This community has long awaited the arrival of a Magistrate with these qualities.

## PRESS RELEASE

Monday, May 14th, 2012

The Belize Bank Limited, Belize's premier banking institution, this year celebrates its 25th Anniversary and announces a significant rebranding effort for the commercial banking operation.

The Belize Bank Limited is Belize's oldest and largest, continuously operated banking institution. The Bank of British Honduras was first incorporated in December 1902, and opened its doors for business in 1903. The operations were purchased by the Royal Bank of Canada (RBC) in 1912, and the second era of operations lasted until 1987. In April of 1987, the RBC operations were purchased by the Belize Bank Limited – a group of local Belizeans investors, beginning the third era of Belize's longest uninterrupted banking operations with more than 100 years of service to the country.

Beginning today, the Belize Bank Limited introduces a new look, complete with a redesigned logo and tagline: The Belize Bank Limited - **"Our Country. Your Bank"**. Shades of blue and green replace the Belize Bank's former two-toned brand colour, and the Bank's new look will be reflected in all marketing and branding material and signage in all of its 12 branches.

In line with the Bank's strategic objectives, the Bank's goal is *"to be the pre-eminent financial service provider in Central America and the Caribbean"*, and in order to achieve this status of pre-eminence the Bank will *"maximize value for individuals and businesses locally and internationally by providing quality and innovative financial services, nurturing long-lasting relationships and delivering superior customer service"*. The Belize Bank Limited continues to be the leading financial services provider in Belize in both the commercial and personal banking sector, and wanted to create a new image for itself that will support its continued growth and new development strategies. "In an increasing competitive banking environment in Belize, there is no better time than now as the Bank celebrates its remarked Marketing Manager, for the Belize Bank Limited, Misty Michael.

*"The Bank's focus is to steadfastly deliver superior customer service and build long lasting relationships with its customers. In a fairly saturated market where banks are vying for a limited pool of customers, it is difficult to compete based on rates and product offering. Banks can only set themselves apart from other providers by 'wowing' customers with the level of service they provide to customers"*, continued Michael.

The only bank in Belize named after the country, the Belize Bank thought it fit that its tagline highlights this unique perspective. Belize is **"Our Country"** and the Belize Bank is **"Your Bank"** - The people's Bank. The Bank's new marketing campaign will see utilisation of local models, locations, culture, history and icons.

The Bank's new look also includes bold new colours which will assist in creating greater visibility for the Bank in a crowded marketplace. The green in the logo ties the Bank to its past whereas the blue ties it to its parent company - BCB Holdings Ltd, and links it to the future. The sleek, clean lines of the new logo also presents the Bank as modern and forward moving, and highlights that the Bank is professional in its approach to doing business.

Customers can expect to receive the best possible customer service available from the Belize Bank. To this end, all Belize Bank staff are currently participating in Customer Service and Sales training with a view to providing extraordinary value for money and service to customers. The Bank believes that its employees are its greatest asset and is doing all that it can to ensure that staff are properly trained and equipped to serve you - our valued customers.

The Belize Bank Limited is Belize's largest commercial banking operation with a countrywide network of 12 branches, and an ATM network that continues to expand. Offering a complete range of domestic and international banking services, the most sophisticated merchant acquiring system, and the Belize Bank's sister companies British Caribbean Bank International Limited (BCBIL) and Belize Corporate Services Limited (BCSL) provides a competitive edge over the competition.

The Belize Bank Limited maintains branch locations in the Corozal Free Zone, Corozal Town, Orange Walk Town, San Pedro, Belize City (Market Square and North Side - Matalon branches), Belmopan, San Ignacio, Dangriga, Placencia, and Punta Gorda with over 24 ATM locations available countrywide. ## Cancer Awareness Week At The San Ignacio Community Hospital

### From The San Ignacio Community Hospital:

Over past years there has been a notable increment in the Cancer Statistics in San Ignacio and surrounding areas.

The most common types of cancers are cervical and breast in women and prostate. It is in light of this development We have open the doors of San Ignacio Community Hospital for education and general checkup which include: pap smear, breast exam and PSA exam for prostetic for men, our door is open Monday – Friday 8:00 – 5:00 pm and on Saturdays from 8:00am –

12:00 noon .

During these times, our staff will be answering question and conducting examinations.

Cancer is classified as an un-preventable disease but, in the case of cervical cancer, the best chances of survival is by way of early detection. It is good to get an early pap smear and incase of prostate cancer, yearly PSA is recommended.

There are different option for cancer treatment in Belize and abroad. Each case is an individual one which can be discussed with a family medical practitioner and an Oncologist.

Medical personnel appreciate that the fight against cancer requires good team work between

medical officials, patients and support groups as preventative measures is the best way to go.

### Cancer, Cayo Association And Support Group

As President of the Cancer Support Group we are inviting the people of Cayo to join us in our first Cancer Walk ever. This event will be held on Saturday, May 26, 2012 and will start from the San Ignacio Hospital at 7:30 a.m. sharp and will end at the Macal River Park. This will be followed by our very informative Health Fair which will help to inform and educate our people of this deadly disease.

I am 24 years old, and the elderly son of **Elisa Obando**, and at present I am suffering from Hodgkin's disease. This road has not been easy as I was faced with many difficulties along the way. First I had to accept the diagnosis and then the lost of my job followed by the side effects of chemotherapy. After those difficulties I still consider myself lucky because my daughter, my wife, family and support group have been very helpful. I was also inspired by First Lady **Mrs. Kim Barrow**, who, with strength, openness, determination and awareness radiates hope for those of us lliving with cancer.

For this and many other reasons I ask that you take advantage of the tests offered during this Cancer Awareness month.

**Mr. Edwin Obando**, President, Cancer Society Support Group Cayo Branch
