The Court Dismiss - The Prosecution Insist

SAN IGNACIO TOWN, Cayo, Wednesday, August 29, 2012:

After dragging on for over 15 months, the case against **Kurt “Mob” Morgan**, 42, Belizean laborer; his son, **Troy Perez**, 20, Belizean unemployed, both residing at the time on 9th Street in San Ignacio Town and **Benjamin Pinelo Jr.** 21, Belizean laborer residing on 2nd Street, came to an abrupt halt today as all charges against them were dismissed by senior magistrate **Linsbert Willis**.

Not satisfied with the dismissal and the freeing of all three accused, the prosecution moved quickly in

SAN IGNACIO TOWN, Cayo, Monday, August 27, 2012:

After being on the run for over six months, **Alonzo Novelo**, 20, Belizean laborer of a Western Highway address in Santa Elena Town, the third suspect in an attempt murder case, was arrested and charged over the past weekend.

The incident occurred on February 8, 2012, when at around 7:30 pm San Ignacio police, acting on a report received, rushed to the basketball court on Carmen Street in Santa Elena Town, where they came upon a 16 year old boy bleeding from what appeared to be a gunshot wound to

ordering the detention of all three persons with intention to reinstitute the charges. The police was not swift enough in executing the order and in the process Morgan slipped away while Perez and Pinelo were detained and escorted downstairs to the police station where they were searched and placed inside a holding cell while the search got underway for Morgan.

The initial joint charges of keeping an unlicensed firearm, keeping unlicensed ammunition and going equipped to commit robbery was instituted against the trio when at around a quarter past nine o'clock on the night of Thursday, May 19, 2011, acting upon information received of the presence of a suspicious black car parked on Liberty Street in Santa Elena Town, near the office of Belize Water Services Limited, a team of policemen rushed to the scene, where upon approaching, the car sped off towards the intersection with George Price Avenue. The police set chase as the fleeing car sped over the wooden bridge into San Ignacio, around the cemetery, to Joseph Andrews Drive diverting into 3rd Street then onto Bullet Tree Road, back to Joseph Andrews Drive with the pursuit eventually ending on 9th Street, near the Falcon Field, in front of the residence of Kurt Morgan, identified as the owner and driver of the car. Morgan was additionally charged for wilfully refusing to stop when directed to do so

A search inside the black, 4 door, Nissan Altima car with license plates CY-C-28417, led to the discovery of a bag containing several pieces of wet male clothing along with three masks, two knives and a pair of gloves.

Whilst transporting the trio to the police station, an officer on duty

informed the mobile by radio that a pump action 12 gauge shotgun was just handed over to the police by a concerned citizen who reportedly saw it thrown from a black car that the police was pursuing. When the gun was checked it was found to contain five live 12 gauge cartridges in the chamber.

The concerned citizen who turned in the gun informed that the black car suddenly turned into his path in its haste to escape from the police and as it turned into Bullet Tree Road, his headlight caught the object as it was thrown from the car. He reportedly stopped, checked the area and found the gun. He reportedly used a towel to pick up the gun and then headed to the police station where he handed in the weapon.

Further investigation revealed that the gun was once licensed to former Town Administrator **Vallan Hyde** who, on April 12, 2011, filed a report with Belmopan police indicating that the gun, on loan to an acquaintance, was lost when the canoe in which they were travelling on a fishing expedition in the village of More Tomorrow, capsized. With the surfacing of the shotgun, Hyde is saying that the loss of the gun as related to him, by the person to whom he loaned it, could very well be false and that someone might have stolen it from inside the acquaintance's vehicle that was parked in front of his house in Georgeville. In light of this revelation, investigators were contemplating the placing of an additional joint handling stolen goods charge against the trio.

Morgan, Perez and Pinelo have been out on bail since mid August 2011 after spending the first three months on remand subsequent to their first appearance in court in mid May 2011.

Prayer To The Holy Spirit

O Holy Spirit, you who are the fountain head of all knowledge, who illuminate the pathway which enables me to reach my goal. You who share your divine gift permitting me to forgive and forget past insults and injustices, and who are always at my side within reaching distance. I desire in this short supplication to thank you for all that you have done for me; and to assure you once more that I have never want to be separated from you under any circumstances, no matter what the incentive. I want to be with you. I, along with my loved ones, cradled in your unending love. Thank you for your never failing kindness towards me and those I call my own.

(Prayer to be offered for three consecutive days. Faith in the Holy Spirit will cause Him to respond to your request no matter how difficult the problem might be). Publish prayer as soon as request has been granted.

the back.

Whilst transporting the injured boy to the San Ignacio Community Hospital, the attention of the police was drawn to a male person riding a bicycle in the Savannah Area, San Ignacio. The cyclist was carrying a knapsack on his back with what appeared to be the barrel of a shot gun protruding from the top of the bag.

Upon seeing the police, the cyclist reportedly dropped the bicycle and fled. The police reported that while fleeing they saw as he attempted to remove the suspected shotgun from the bag. The police fired several shot at the fleeing suspect who fell to the ground with a sawed off barrel -16 gauge shotgun at his side. He was found with a single gunshot wound to the left leg. He was taken into custody, identified as **Blake Bradley** and transported, along with the injured minor, to the community hospital in San Ignacio. As he was undergoing treatment the pants he was wearing was removed and when searched it was found to contain, in a pocket, three live 16 gauge cartridges.

The minor was treated at the

community hospital in San Ignacio and later transferred to the Western Regional Hospital in Belmopan for specialist treatment.

In a statement to the police, a few days later, the minor informed that he saw the suspect **Blake Bradley** playing basketball with two other male persons known to him as **Simon Bateman Jr** and **Alonzo Novelo** after which they all rode off on separate bicycles.

The injured minor informed that he was sitting, with two male friends, in front of the nearby public library building, when about half an hour later Bateman, Bradley and Novelo returned with Novelo carrying what appeared to be a sawed off shotgun which he reportedly handed to Bateman who fired off a first single shot in their direction. The gun was reportedly returned to Novelo. The injured minor and the other two male

persons were fleeing the scene when Novelo reportedly fired two shots at them one of which caught the minor in the back

On his release from the hospital Blake Bradley was arrested and formally charged for the possession of unlicensed ammunition and for the possession of a prohibited firearm.

One week later, on February 15, 2012, **Simon Bateman Jr.** was arraigned on an attempt murder charge. They are currently out on bail.

The third suspect, **Alonzo Novelo** was arraigned on Monday, August 27 and was remanded to prison, until Tuesday, October 30, 2012 when he is scheduled to return to court.

The Belize Natural Energy Charitable Trust and RESTORE Belize Launches Partnership

Belize City, 23 August 2012 – In an effort to promote educational development in Belize, conscious of the necessity and utility of empowering Belizean youths through education and training, the Belize Natural Energy Charitable Trust (**BNECT**) and Restore Belize signed a Memorandum of Understanding outlining their plans to work together for the purpose of providing scholarship opportunities to sixty (60) students enrolled in various High Schools and Vocational Institutions throughout the country. The Belize Natural Energy Charitable Trust, has committed \$330,284 for the next four years and the partnership focuses on the **“I am Belize Scholarship Programme”**. This grant will provide financial support to facilitate with educational expenses such as tuition, books, uniforms, tutoring, internship opportunities and mentorship.

All 60 students and their parents were in attendance to participate in the Launch. The Keynote address was delivered by **Honourable Patrick Faber**, Minister of Education, Youth and Sports. BNECT was represented by its Trustee, **Kevin Herrera** and General Manager, **Sharon Ramclam** while **Audrey Wallace**, Chief Executive Officer in the Office of the Prime Minister, represented the Government of Belize/ Restore Belize Programme. The Belize Natural Energy Charitable Trust is committed to the development of the Belizean people. This investment by the BNECT is in addition to the over \$850,000 investment in the Trust’s student loan program with five local credit unions countrywide. To date, the Trust has invested over \$6 million dollars in projects focussing on education and the social environment.

(L-R):CEO-OPM, Audrey Wallace; BNECT Trustee, Kevin Herrera

The Belize Natural Energy Charitable Trust is a partnership between the Government of Belize and Belize Natural Energy, established by Deed of Trust dated February 25th 2008. The Trust’s mission is to serve as a catalyst for people and communities to believe in themselves so they can achieve their full potential. The Trust was established to make a difference in the lives of Belizeans. In accordance with the Trust Deed, BNECT seeks to empower people and communities to thrive in a harmonious; socially and environmentally responsible manner so that they can be the conscious architects of their own future. Opportunities for development are provided through funding of educational-related projects/capacity building programs and initiatives that support the social environment. BWSL Records Another Successful Year

BELIZE BILTMORE PLAZA HOTEL, Belize City, Friday, August 24, 2012:

Recording yet another successful year in operation, the Belize Water Services Limited (**BWSL**) held its 11th Annual General Meeting, under the theme: *“Providing Exceptional Services ... Enhancing Lives”*.

The meeting began at 8:00 pm at the Biltmore Plaza Hotel in Belize City with the company’s Public Relations Officer, **Olga Urbina Gough** serving as Mistress of Ceremony.

The opening prayer was ably delivered by **Andrew Young**, another BWS employee.

The program of events continued with the Chairman’s Remarks delivered by **Alberto August**, Chairman of the company’s Board of Directors, as follows:

“Born out of the former Water and Sewerage Authority (**WASA**) in January 2001, the Belize Water Services Limited has completed eleven years in existence.

It is indeed an honour for me, on behalf of the Board of Directors, to report to you, the shareholders, on the status of your company for the financial year 2011- 2012.

Ten years in operation is normally the benchmark by which the maturity of most businesses is measured. I am proud to report to you today that, having been in successful operation for 11 years, the Belize Water Services Limited is a mature company. Much unlike a few of the pundits out there, the BWS model is a clear testament that a majority Government-owned utility can succeed in every way. BWS is doing very well, in fact, I will go further and report to you that BWS is excelling in meeting its operational and financial obligations as well as providing first class customer service.

This, our 11th Annual General Meeting for the period April 2011 to March 2012, is the 2nd year of the company’s 2nd Five-Year Business Plan for the period 2010 to 2015, approved by the Public Utilities Commission in its capacity as the Nation’s regulator of public utilities.

The 2nd year of the 2nd Business Plan got off to a good start in April 2011 with a much needed approved 12.1% tariff increase which was geared towards assisting the company to finance investments required to meet the Millennium Development Goals mandating the provision of potable water to 99% of the population in our service areas.

The 12.1% tariff increase in 2011 also afforded much needed finances to provide the company with the breathing space necessary to undertake required overdue maintenance of existing assets to ensure the uninterrupted supply of water and waste water services.

**Alberto August,
Chairman, BWSL**

The additional finances also provided the wherewithal for the company to consolidate its Strategic Business Plan. It was during the course of this exercise that the company’s initiatives were aligned to key objectives. The arrows were readjusted and began pointing in one direction. The Board of Directors, the Management and Staff in Administration, Finance, Operations, Technical Services, Customer Services, Human Resources, Internal Audit and Information Technology, are all now pursuing one goal aligned with the company’s Mission, Vision and Core Values.

It is as a result of the implementation of this serious initiative that today, I stand on the shoulders of the Board of Directors, the Management and Staff of your company to report to you that the Belize Water Services Limited has had another successful year.

At \$5.319 million, the company’s profit held steady beyond the five million dollar mark, down slightly from \$5.457 million last year due mainly to increased expenditure in much need overdue maintenance and the acquisition of additional assets.

It gives me great pleasure to also report that the company’s customer base grew by 2.1% from 45,936 customers last year, to 47,906 this year. This increase resulted mainly from the installation of an additional 30 miles of water mains; the year ended with 734 miles of mains up from 704 miles last year.

There was also an increase in revenue this year from \$34.869 million to \$35.327 million this year. There was however, a slight increase of a little over half a million dollars in total expenses from \$29.412 million to \$29.937 million in this financial year. This increase in expenses is due primarily, as indicated earlier, to the company undertaking the much needed overdue maintenance program.

The Board of Directors, appointed by the Government of Belize and the Belize Social Security Board, continues to practice good governance while simultaneously

maintaining stringent fiduciary responsibility to all stakeholders.

The Board continued to be proactive and involved in guiding the strategic direction of the company. The Board along with its Audit and Procurement Committees, have been meeting throughout the course of the year to review and approve various activities and projects, ensuring adherence, at all times, to established policies in alignment with the company’s mission and vision.

As we continue to increase the assets of your company, it likewise gives me pleasure to report to you that the Belmopan Sewer Treatment Expansion Project is nearing completion. This project, with a price tag in excess of two million dollars, is currently experiencing delays by the onset of the rainy season.

Other increases in assets include the completion of the Cotton Tree/ St. Matthews/Frank’s Eddy project as well as Government-financed expansion projects in every single service area across this country.

The company also undertook major replacement of old galvanized water mains along Neal’s Pen Road and Collet Canal in Belize City. The resulting increase in connections and improved pressure, led to an increase in the volumes of water produced and consumed.

Due to the significant amount of remedial and replacement water works undertaken in the overdue maintenance program, the company was challenged to maintain its impressive Non-Revenue Water ratio; resulting in a slight point 3% slippage from 26.7 % in the previous year to 27% this year.

Notwithstanding this slippage however, the company’s Non-Revenue Water ratio remains unmatched in the region. Given the large number of replacement works necessitating the frequent flushing

of lines, this slight increase in the Non-Revenue Water ratio is commendable. It is therefore in this light that the Board of Directors recognizes and applauds the Management and Staff, specifically the NRW crew, for this great achievement while at the same time challenging the company to leave no stones unturned in the effort to further reduce the NRW ratio.

As with every successful business, customers always come first. In recognition of this long established business principle, the company intensified its focus in improving customer satisfaction as one of its key initiatives. During the period under review, the company targeted a number of Customer Service initiatives to provide better response and more accurate information to customers. This undertaking resulted in the receipt of positive comments from Customers in regards to the company’s e-mail and text reminder services and on the *“Read-Your-Own-Meter”* programme which is geared towards facilitating those customers living inside secure premises. The company likewise expended tremendous efforts towards ensuring that responses to customer requests were expedited.

Recognizing the value of its human resources as primary stakeholders, the company continues to promote employees excellence. We take pride in reporting that a growing number of employees received personal and professional development training as well as counselling. Several other initiatives were put in place to assist in improving staff morale and job satisfaction.

Acknowledging that the year under review was a successful one, it is hardly our intention to stand on our laurels as many more challenges lay ahead.

Some of the larger projects coming on stream include The Belize

Galen Awards Scholarships

GALEN UNIVERSITY, Central Farm, Cayo, Wednesday, August 29, 2012:

A scholarship award ceremony was held today at **Galen University** campus in Central Farm, Cayo.

Galen expresses great pleasure for the opportunity to offer ten new scholarships appropriated to Bachelor degrees (including one basketball scholarship) and one Master's degree scholarship.

The scholarships were awarded to students from across Belize who demonstrated academic excellence and in need of financial assistance.

The application process required students to complete and submit the scholarship application which included an essay explaining why they should be the recipient of a full scholarship to attend the institution. All applications were screened by a scholarship committee followed by a challenging process of choosing the most deserving recipients.

Of the ten scholarships, nine were awarded to students pursuing bachelor's degrees in their field of choice. On the recommendation of Education Minister, **Hon. Patrick Faber**, one lucky person was awarded the first ever Master's degree in Education scholarship.

The recipients on full scholarship are:

Alroy McBride who informed that he is really happy and blessed to now have the opportunity to get a

higher education to advance in life.

Lissa Lord said that she is thankful to be given the opportunity to attend such a prestigious college like Galen.

Chistopher Villanueva explained that he is thankful because money is tight at home and he was at a point in his life where he could simply not afford to further his education.

He said that he is happy for the opportunity to continue his studies and not waste time.

Kimberly Searle likewise said that she is grateful for the opportunity to continue with her education thereby reducing the burden of personally financing her education.

Yajaira Gutierrez explained that

she welcomes the opportunity to be a part of the Galen family oriented environment and that she is committed to excelling in her studies thereby enabling her to give back to the community.

Raul Roches, the recipient of the only basketball scholarship, said that he is grateful to Galen for scouting him and for giving him this once in a lifetime opportunity to study while doing what he loves to do.

Karlene Hamilton said that she will follow her passion to study Economics and promised to make her family and Galen proud.

The University's Director of Student Affairs, **Byron Acosta**, told the new students that in order to keep their scholarships they will need to uphold their part of the scholarship contract, by fulfill community service obligations and by maintaining the requisite grade point average.

BWSL Records Another Successful Year

River Valley Project, the Placencia Peninsula Sewer Project as well as major expansion works for Ambergris Caye all of which are currently in various planning stages. The company likewise recognizes that it must continue with country-wide expansion projects, replacement and improvement of outdated mains, service lines and treatment facilities as well the continuous maintenance of assets.

The Government of Belize, our majority shareholder, continued to contribute to BWS and to minority shareholders; The Government of Belize has again waived its share of dividends and agreed for it to be paid out to minority shareholders. I am therefore extremely pleased, on behalf of the Board of Directors, to announce the payment of dividends, for the third consecutive year, of 15 cents per share to minority shareholders.

All this good news however, is dampened by the PUC mandated 7.2% reduction in tariff which came into effect on April 1, 2012. This reduction poses severe challenges to the company, especially since, in

addition to all the works already planned, the company is now faced with having to undertake several projects that were not budgeted for, primary among which is the replacement of vast quantities of older water lines due to a number of urgent municipal street improvement projects countrywide, especially in Belize City.

In closing, it would be remiss of me if I were not to reiterate, that the 7.2% reduction in tariff will, beyond the shadow of any doubt, result in a reduction in revenues for the financial year in progress - dividends for the next financial year therefore stands uncertain.

On behalf of the Board, I take this opportunity to extend gratitude to the Government of Belize, the Belize Social Security Board, minority shareholders and other stakeholders for their contributions and kind considerations which helped to make the year a success.

I also extend much appreciation to colleagues on the Board, as well as to the Management and Staff of the company for their joint efforts to ensure that BWS continues to improve the lives of consumers by providing quality and cost effective

water and waste water serves in an environmentally responsible manner, while promoting employee excellence, fulfilling our social responsibility and providing a fair return to shareholders. Thank You."

Another highlight of the event was the report by the Company's Chief Executive Officer, **Alvan Haynes**, in which he delivered a Power Point presentation detailing the various points presented by the Chairman in his address.

The program ended with the traditional raffle in which minority shareholders in attendance were afforded the opportunity to win any one of six fabulous prizes after which refreshments were served. Thus

Your Weekly Horoscope & Lucky Numbers

ARIES:

March 22 to April 20

If you find yourself in a slump today, don't worry. It could be that nothing fits right or that a certain nervous energy urges you to take action but uncertainty prevents you from knowing which way to turn. This combination could result in a locked-up feeling that keeps you incapable of any movement at all. **Lucky numbers: 30, 43, 79.**

TAURUS:

April 21 to May 21

Use the day's boisterous energy to take charge and make things happen. You'll find that actions you take this week resonate in the coming days. Don't worry about the consequences. Strong forces are at work encouraging you to seek freedom in your creative endeavors and giving you more room to explore your inner sanctuary that you hold so dearly. **Lucky numbers: 09, 32, 90.**

GEMINI:

May 22 to June 21

There is apt to be powerful aggression today that may leave you feeling like you want to declare war on everyone. You may get the feeling that everyone else is completely nuts and you are the only one who really knows what's going on. Beware of misinformed people and false information. Fights could erupt over facts that seem true at first but are just someone's misguided dreams. **Lucky numbers: 17, 58, 91.**

CANCER:

June 22 to July 23

You may run into some tension today as fantasy gets in the way of your plan of attack, Cancer. Keep in mind that things are moving rapidly these days, and the slightest movement is magnified. Don't try to undo things that can't be undone.

Accept your mistakes and move on. There's a whole world for you to explore and conquer, so try not to get trapped in your own little box. **Lucky numbers: 24, 36, 65.**

LEO:

July 24 to August 21

You may run into a great deal of frustration if you try to fight the current circumstances. The key is to take whatever situation you are in and make the best of it. Whining and moping about your position won't make things better. You have great gifts to be proud of and thankful for, so don't throw them away by thinking that they have no outlet. Create your own reality. **Lucky numbers: 33, 52, 71.**

VIRGO:

August 22 to September 21

Keeping things in balance this week might be tricky, since your instincts may gravitate toward a loving, fanciful, peaceful situation. There is a harsh, warring force working against this position. Beware of this powerful energy that's self-centered and courageous. Stick with the things you know and don't stoop to another's level if it doesn't sit right with you. **Lucky numbers: 05, 50, 76.**

LIBRA:

September 22 to October 23

Things may be tough and aggressive this week, but that does not mean you can't make progress. There is a nervous energy in the air spurring people to action. Keep in mind that you are likely to get caught up in the frenzy and be called to take a stand. Be careful that your viewpoint doesn't become fixed and stubborn. You can learn some valuable lessons by listening to others. **Lucky numbers: 12, 35, 69.**

SCORPIO:

October 24 to November 21

Make sure that the battle you fight today is yours. There is a great deal of tension in the air that might erupt when you least expect it. It may behoove you to stay detached from the war that's apt to ensue. Keep things light and try not to take things too seriously. Your philosophical viewpoint and strong spirit are the very combination needed to resolve the situation. **Lucky numbers: 16, 27, 46.**

SAGITTARIUS:

November 22 to December 21

Wake up on the right side of bed. This will set the tone for the rest of the week. Keep things positive and you will find that the aggressive energies of the day work for instead of against you. Don't try to fight people who are so obstinate that they refuse to see another perspective. At the same time, make sure you stay open to other people's points of view. **Lucky numbers: 38, 54, 83.**

CAPRICORN:

December 22 to January 20

You may feel a strong connection with your fanciful, romantic side this week. Dreams and illusions are

apt to enter the scene and take you into the clouds. Be careful, because you might find that a strong aggressive force opposes these dreams. Your wit and connection with new technology and electrical gadgets will be your greatest assets on a day like today. **Lucky numbers: 14, 62, 97.**

AQUARIUS:

January 21 to February 19

Give people the benefit of the doubt this week. Even though you may not agree with everything going on around you, people have their reasons for the way they act and the way they are. This doesn't mean that you need to act in exactly the same manner. Stick to your routine and don't get thrown off track by the aggressive warrior in others. **Lucky numbers: 19, 56, 74.**

PISCES:

February 20 to March 21

Some action you took last week may be opposed this week. Unclear facts and romantic fantasies could get in the way of your taking decisive action. You may feel the need to act anyway. Keep in mind that communication could be tainted by pockets of uncertainty. Try not to rock the boat. This week's energy is a delicate balance between war and peace. **Lucky numbers: 29, 45, 87.**

★ STAR HUMOR ★

The Parrot Learns A Lesson

David received a parrot for his birthday. The parrot was fully grown with a bad attitude and worse vocabulary. Every other word was an obscenity. Those that weren't curse words, were to say the least, rude.

David tried hard to change the bird's attitude and was constantly saying polite words, playing soft music, anything he could think of. Nothing worked. He yelled at the bird and the bird yelled back. He shocked the bird and the bird just got more angry and more rude.

Finally, in a moment of desperation, David put the bird in the freezer, just for a few moments. He heard the bird

squawk and kick and scream-then suddenly, there was quiet.

David was frightened that he might have hurt the bird and quickly opened the freezer door.

The parrot calmly stepped out of the freezer and said **"I believe I may have offended you with my rude language and actions. I'll endeavor at once to correct my behavior. I really am truly sorry and beg your forgiveness."**

David was astonished at the bird's change in attitude and was about to ask what had made such a dramatic change when the parrot continued, **"May I ask what did the frozen chicken do?"**

Husband/Wife Mode Of Communication

A man and a woman who had never met before, but who were both **"married to other people,"** found themselves assigned to the same sleeping room on a trans-continental train.

Though initially embarrassed and uneasy over sharing a room, they were both very tired and fell asleep quickly, he in the upper bunk and she in the lower.

At 1:00 AM, the man leaned down

and gently woke the woman saying, **"Ma'am, I'm sorry to bother you, but would you be willing to reach into the closet to get me a second blanket? I'm awfully cold."**

"I have a better idea," she replied. **"Just for tonight, let's pretend that we're married."**

"Wow! That's a great idea!", he exclaimed.

"Good," she replied. **"Get your own damn blanket."**

Back-To-School

On the first day of school, the children brought gifts for their teacher.

The florist's son brought the teacher a bouquet of flowers. The candy-store owner's daughter gave the teacher a pretty box of candy. Then the liquor-store owner's son brought up a big, heavy box. The teacher lifted it up and noticed that it

was leaking a little bit. She touched a drop of the liquid with her finger and tasted it.

"Is it wine?" she guessed.

"No," the boy replied. She tasted another drop and asked, **"Champagne?"**

"No," said the little boy... **"It's a puppy!"**

Two Blonde Cops?

A blonde woman was speeding down the road in her little red sports car and was pulled over by a woman police officer that was also a blonde.

The cop asked to see the blonde's driver's license. She dug through her purse and was getting progressively more agitated. **"What does it look**

Another Blonde Joke

Three women are about to be executed. One's a brunette, one's a redhead and one's a blonde.

The guard brings the brunette forward and the executioner asks if she has any last requests. She says no and the executioner shouts, **"Ready! Aim!"**

Suddenly the brunette yells, **"EARTHQUAKE!!!"**

Everyone is startled and throws themselves on the ground while she escapes.

How To Be A Good Student

As we begin the new school year, we offer students some helpful tips on how to become high achievers as they embark on the journey to becoming productive citizens of this beautiful jewel we call Belize.

Not all people are born good students but good students can be created from developing good study habits.

Being a good student takes a lot of things, but to be a good student one will always have to persevere while refusing to stop.

There are always going to be times when you get knocked down, and you will want to give up, BUT you have to get back up again. You have to be able to fight through the down times and think about what you want to achieve.

It is said that practice makes permanent and this is true. If you develop the habits of being a good student, then you will become a good student.

Here is a dozen tips to help you to Become a Good Student

- 1* Prioritize your life, that means organising everything you have to do, so that you do what is most important first. Doing well in school should be your top priority.
- 2* Listen during class. This means you have to pay attention to everything the

teacher says. Keep your attention on the teacher or you might miss something really important. Take notes while you are listening, even if the teacher doesn't say you have to.

- 3* Schedule your assignments on a calendar; this will help you remember when assignments are due.

Manage your time:

- 4* Determine how much time you have between when you get home and when you go to sleep. Be sure to give yourself enough time to sleep so that you are relaxed when you go to school and can understand what the teacher is teaching.
- 5* Determine how much time you will spend doing home-work and how

much time you will spend revising out of the available time that you have. Be sure to include time for breaks, not too often, but enough that you don't feel burnt out or on overload while studying

6* Develop self-discipline.

7* Make sure that you don't let yourself get distracted when you sit down to study. Turn off the television. Do not answer the phone. Concentrate on what you are doing.

8* Make sure that you have everything you need e.g. scrap, books, pens, pencils and calculator so that you don't have to keep getting up to find anything.

9* Let friends and family know that you are unavailable from X time till X time, and ask that they respect this time that you need to spend studying. This means no phone calls and no interruptions.

10* Make sure to stick to the time management schedule that you set. Don't extend your breaks!

11* Do ALL of the homework and assigned reading. If your school has lockers, ensure that you take home everything that you need to do your homework.

12* Review what was done in class that day. If you don't understand something, be sure to make a note and ask your teacher the next day.

Government Upgrading More Streets Benque, San Ignacio & Punta Gorda

**BENQUE VIEJO TOWN, Cayo
Thursday, August 30, 2012:**

A \$2.2 Million dollar street project that will enhance the road network in the municipalities of Benque Viejo del Carmen, San Ignacio/Santa Elena and Punta Gorda under the Belize Municipal Development Project (BMDP) was launched this Thursday morning during a formal ceremony in Benque Viejo Town.

The street project encompasses the enhancement of Church, Churchill and Burns Streets in Benque Viejo Town as well as the improvement of West Street in San Ignacio and Eden Street in Santa Elena Town, and Robert Pennil and Pampana Streets in Punta Gorda Town.

The scope of the work for the project includes the realignment of street side drains, provision of street concrete curbs, resurfacing of the streets with Hot Mix and or chip seal, provision of street markings for vehicular and pedestrian lanes and permanent signage.

The project, with a price tag of \$2,219,746.10, will be undertaken by the local firm of Imer Hernandez Development Co. Ltd.

As this project gets underway, bids are being evaluated for similar works in Belmopan, Corozal and Orange Walk

The works in Belmopan will include the rehabilitation of Nim Li Punit, Hummingbird and Raccoon Streets while Punta Gorda Street and 1st North Street in Corozal will under major upgrading as well as Santa Familia Street in Orange Walk Town. The estimated cost of this segment of the project is approximately 2.6 million Belize dollars

The works will include the installation of proper traffic safety measures for ease of enforcement by the respective municipal traffic departments. The works will also address health issues that normally
