SAN IGNACIO TOWN, Thursday, April 17, 2008:

Today, 25 year old Kenworth Anthony Mendez, the victim of a traffic accident, lies in a critical condition at the Medical Associates Hospital in Belize City. San Ignacio police reports that it was shortly after 2 o’clock on the evening of Saturday, April 12, when a report was received of a traffic accident in the area where the Bullet Tree Road crosses Joseph Andrews Drive in San Ignacio Town.

The male person, suffering from severe head and body injuries, was placed in the back of a pickup truck and rushed to the nearby San Ignacio Town Hospital for emergency medical treatment. Upon arrival at the hospital the injured person was identified as Kenworth “Ken” Anthony Mendez, 25, Belizean laborer of a Blue Hole Street, Cahal Pech Area address.

NORMAN BROASTER STADIUM, San Ignacio Town, Cayo District, Sunday, April 13, 2008:

After 22 long years of football drought, the highest level of national achievement in the sport was today returned to Cayo, more specifically to the westernmost part of the district. It was the same Verdes in 1986 that brought the championship to Cayo and it is Verdes again in 2008 that has returned the honors.

What a joyous and festive occasion it was as the feeling of victory erupted simultaneously with the blowing of the long whistle and the music from the Succotz marching band inside the Norman Broaster Stadium as the jubilation overflowed onto the streets of San Ignacio all the way to the site of the victory celebration.

The occasion this past Sunday evening was the second encounter in the RF&G Insurance Cup playoff game between San Ignacio’s Hankook Verdes Football Club and Belize City’s Belize Defence Force squad.

The action began promptly at the stroke of the 4 pm hour inside San Ignacio’s Norman Broaster Stadium. The FIFA certified referee in charge of the action in the center of the field was Orange Walk’s Romel Carballo along with 1st assistant Armando Chirinos and 2nd assistant Earl Trapp Jr. flagging the sidelines.

Gerald Henry Jr. was the fourth manager of the Year Sergio Chuc Hankook Verdes

Hankook Verdes’ #9 Orlando Jimenez scored the singular winning GOAL!!!!!! as the jubilation overflowed onto the streets of San Ignacio all the way to the site of the victory celebration.

Moments after the accident - The victim in the back of a pickup truck for the trip to the San Ignacio Hospital - The motorcycle in the middle of a section of the double carriage-way on Joseph Andrews - Note the plants in the middle divider

Mendez’ condition was stabilized at the San Ignacio Town Hospital after which he was rushed by ambulance to the Karl Heusner Memorial Hospital in Belize City and later transferred to the Medical Associates Hospital also in Belize City where he remains in a critical condition.

On the scene police came upon a brown Toyota pickup truck, bearing license plates CY-C 26347, with a smashed windshield and the passenger side front fender extensively damaged. Also on the scene was an extensively damaged black and red Kawasaki Street Bike.

Kenworth Anthony Mendez, 25 later transferred to the Medical Associates Hospital also in Belize City where he remains in a critical condition.
Imagine The Possibilities • Everyone Would Be Happy

This week’s news about the new government successfully enlisting financial assistance from traditional lending institutions like the IDB and the World Bank is good news for Belize.

This is a clear indication that within such a short time in office, the new government has successfully reached out to these doors of those international financial institutions (IFIs).

These are the very same doors that were slammed shut in the face of the self professed financial genius of the previous administration.

When he was locked out by these IFIs, and in a desperate hunt for new loans, this individual was left with no other alternative than to seek out the “four shanks” in the international financial marketplace resulting in the nation being saddled with a 3 Billion dollar debt the domino effect of which was the crushing defeat of his party at the polls; his losing the once secure congressional seat he carried on his own, the implosion of his Peoples United Party and ultimately his being booted out of the powerful executive position he once held in the party.

Now that a new government is in office, we hear charges and counter charges of victimization against the new administration by some elements of the disgraced former administration as they hope and pray for their moles to remain in the government service so that they can sabotage the new administration while providing the PUP with insider information to be twisted into the usual propaganda.

Do these people really expect, for example, that the driver/mechanic in the Ministry of Education would have remained on government’s payroll for another five years while this individual who resides in Belize City had never once sat a foot in the Ministry of Education? With the full blessing of the Ministry of Education? With the full blessing of the Ministry of Education?

With the full blessing of the Ministry of Education?

With the full blessing of the Ministry of Education?

With the full blessing of the Ministry of Education?

With the full blessing of the Ministry of Education?

With the full blessing of the Ministry of Education?

With the full blessing of the Ministry of Education?

With the full blessing of the Ministry of Education?

With the full blessing of the Ministry of Education?

With the full blessing of the Ministry of Education?

With the full blessing of the Ministry of Education?

With the full blessing of the Ministry of Education?

What is the common knowledge that on their way out of office, several ministers of government and their cronies, including some former CEO’s, got rid of almost all government vehicles for a minuscule fraction of their value. Have we seen the Prime Minister, Dean Barrow ordering the Police, Transport or Customs officials to break into these vehicles in order to bring to light these public properties that they shamelessly acquired?

Johnny Briceno might have won a convention, but he lost the government. This is not stopping Johnny from cleaning house. He has gotten rid of Ralph Fonseca, Francis Fonseca, Yasser Musa, Samira Musa, Vivo Marin, Lisa Shoman as well as most of the Musa appointed senators. Other heads will roll. Is this victimization? Is this victimization? Is this victimization? Is this victimization? Is this victimization? Is this victimization? Is this victimization? Is this victimization?

We hear them crying about being shoved aside, by Said Fonseca as he is still feeling the pain of being shoved aside, by Said Musa, from the lucrative Ministry of Education portfolio, to make way for Francis Fonseca the newcomer.

If Said Musa and Ralph Fonseca are serious about picking up their marbles, then they could take back their headquarters, radio station and newspaper from Johnny. They could even take back the PUP name as there is a high possibility that the party is registered in the name of Hamid Musa who just happens to be Said Musa’s father. If Musa and Fonseca would take back their marbles, EVERYONE SHOULD BE HAPPY as follows:

a) Said Musa and Ralph Fonseca would have effectively expelled Briceno, Espat and Hyde from the PUP.

b) Johnny Briceño would have formed a viable third party and, with the rug dragged from under his feet, when the big boys take back their marbles, he would hardly want to be a party leader without a party for much too long.

c) Mark Espat and Daniel Silva would have seen the realization of their long awaited dream to jump start and hold senior positions within a new party.

d) Said and Ralph would be happy as they would get back their PUP and maybe eventually succeed in anointing Francis Fonseca as their party leader which in turn would make Francis a happy person.

e) The UDP would be happy as the PUP and Briceno’s new party would be sharing their 49,500 voters among themselves while the UDP will remain stronger than ever with its 68,200 voters.

From Front Page

Police investigation revealed that Mendez was riding the motorcycle up Joseph Andrews Drive from the direction of Sacred Heart College towards the Benque Viejo Road while the Toyota was coming in the opposite direction. According to the police, the motorcycle truck collided head-on and turned right to continue its journey down Bullet Tree Road causing the motorcycle to ram into it on the passenger side. Police suspect that Mendez was not wearing a protective helmet at the time of the accident.

The driver of the Toyota truck reportedly fled the scene and police suspect that he was the only person inside the vehicle as the front passenger side seat was loaded with chips which they suspect could have obstructed the driver’s view of the approaching motorcycle.

A search of the vehicle produced a Guatemalan passport issued on Necio Orlando Cuyuch Sica, 36, who police suspect was the driver of the vehicle at the time of the accident. As part of the investigation, police reopened the doors of these international financial institutions (IFI’s).

The suspected driver of the motorcycle, Necio Orlando Cuyuch Sica, 36, was processed and released from San Ignacio Police Station. According to the police, the vehicle produced a Guatemalan passport issued on 36, who police suspect was the driver of the vehicle at the time of the accident. As part of the investigation, police reopened the doors of these international financial institutions (IFI’s).
Vacancies exist at Sacred Heart College for the posts of

1- Part Time Social Studies / Geography Teacher
1- Part Time Religion / Spanish Teacher
1- Full Time Information Technology Teacher
1- Full Time English Teacher
2- Full Time Math Teachers
1- Temporary Math Teacher (Sept. 08 – June 09)

A professional background in education would be an asset.

Minimum Qualification: Bachelor’s Degree

Deadline for Application: April 30, 2008

Please send application to:
Chairman

San Ignacio
BY: John Acott
CAYO, Wednesday, April 9, 2008:
The recent familiarization visit of the Hon. Carlos Perdomo, the new Minister of National Security, to the Police Formation of San Ignacio, was an opportune moment for members of the Twin-Towns Crime Committee to present a new motorcycle to the police.
The motor cycle was purchased with funds raised by the committee from local businesses and ‘Dalla Day’ donations.
In accepting the donation, Minister Perdomo thanked the committee, remarking that they are the most active police support committee in the country, and hoping that they will continue to be so. He assured them that the motorcycle will be put to good use and Senior Superintendent David Henderson, the Cayo police commander, echoed the minister’s words in saying that the cycle was much needed and is ideal for dealing with incidents in the very large area for which he is responsible.

The Twin-Towns Crime Committee consists of members of the general public who have regular meetings to decide how best they can provide assistance to the local police. The committee has been in existence for over 7 years and is responsible for many support donations to the police. The members of the committee would like to thank all in the community who made the donation possible by their generosity and also to Mr. Norman Dueck of Universal Hardware in Spanish Lookout, who provided the motorcycle at a much discounted price.

US Embassy Celebrates Earth Day 2008
BELMOPAN, Thursday, April 10, 2008:
U.S. Embassy Plants Trees and Presents Green Technology Poster Show to Recognize Earth Day.
Beginning Monday, April 14, at the George Price Centre for Peace and Development, the U.S. Embassy will contribute a poster show on “Green Technology” in recognition of Earth Day.
To commemorate the opening of the show and contribute to a “greener” Belize, the U.S. Embassy will donate and plant trees at the University of Belize Pre-School at 9:00 AM on April 14th. The 38th anniversary of Earth Day will be celebrated on April 22 and promotes and encourages ways to protect our environment.
This year’s poster show focuses on how corporations can develop and implement greener, more environmentally friendly technology.
The public is invited to learn more about green technology through this event from Monday, April 14 to Friday, April 25 at the George Price Centre for Peace and Development in Belmopan.
PUBLIC NOTICE

IT IS HEREBY NOTIFIED FOR GENERAL INFORMATION that on this day, April 2, 2008, the Public Utilities Commission (PUC) in accordance with the Electricity (Tariffs, Charges and Quality of Service Standards) Byelaws, 2005 commences an Annual Review Proceeding for Belize Electricity Limited (BEL). The ARP enables the PUC to review the company’s operations for the past year to ensure that the objectives set out in the 2005 Full Tariff Review Proceeding (FTRP) are achieved.

The Process

- The PUC will accept comments from the public until April 22, 2008
- The PUC will deliver its Initial Decision no later than May 2, 2008
- Interested Parties have 10 days after the Initial Decision to comment in writing to the PUC
- The PUC makes its Final Decision which adopts the Initial Decision if there are no objections
- If the Licensee or an interested party objects, the PUC must appoint an Independent Expert to review the Initial Decision within 10 days
- The Independent Expert is to deliver a written report no later than 20 days after appointment
- Then the PUC makes its Final Decision not more than 15 days after the submission of the Independent Expert’s report

The PUC will issue a final decision in the proceeding no later than June 26, 2008. Any adjustments will take effect on July 1, 2008 which is the start of the 2008/2009 Annual Tariff Period (ATP).

Public Access to Information

A summary of BEL’s submission is available at BEL’s Corporate Headquarters located at 2 ½ miles Northern Highway, Belize City, and at branch offices countrywide, and at PUC Headquarters, and from the PUC website www.puc.bz.

Interested parties are invited to submit written comments and information to the Public Utilities Commission, #41 Gabourel Lane, P.O. Box 300, Belize City or by e-mail to info@puc.bz.

The Public Utilities Commission encourages the public to take advantage of the opportunity to participate in the BEL ARP.
Central Cayo Roads Being Graded

One sees some streets down in both Santa Elena Town and San Ignacio with new asphalt patches.

To me, the most obvious improvement under the UDP and our local area representative, Rene Montero, has been assigning grading of the entrance road from the Western Highway and past Eden High School to the T junction in the Hillview area of Santa Elena.

I was even able to get my pickup truck out of first gear into second and third gear it was so smooth. Yesterday, I see that the grader had also widened some roads in the Santa Cruz suburb, which winds in and over a number of building suburbs in hills and valleys.

There is a lot of house construction going on back here. To the left from the T junction of the side road from the Western Highway, into the Hillview area, the main Hillview street has been graded up to the crest of the ridge.

The village down on the slope hasn’t been touched yet, told my Mason Antonio, said he saw our area representative walking the streets on our slope and village yesterday.

This morning I got a call from Rene Montero our area representative, to advise that he has given instructions that the grader was to go over the hill ridge and do the Hillview streets as well.

Major Works On Road And Streets In The Twin Towns

SANTA ELENA TOWN, Cayo District, Monday, April 14, 2008: The benefits that can be derived from the cooperative efforts between local and central governments are indeed amazing.

Such was the revelation this week with the unprecedented amount of civil works taking place in Santa Elena Town.

“It is indeed a pleasure to see our workers laboring side by side in a harmonious manner with employees from the local branch of the Ministry of Works” said Mayor John Francis August. “This is a situation that we have not experienced in many, many years as we have always had a hard time to get the previous Central Government to honor our smallest requests for assistance. With this new found cooperation, the San Ignacio/Santa Elena Town Council, with assistance from the Ministry of Works, our local area representative, Anthony “Boots” Martinez; and with the valuable cooperation on the part of Area Representatives Rene Montero, Elvin Penner and Salvador Fernandez, we are able to deliver more and better services to residents of the Twin Towns of Santa Elena and San Ignacio”

There are some very impassable corners in places, due to washouts and lack of culverts.

This is dry season, so any grading will not last, but 2008 BDF General Lloyd Gillett, Chief Executive Officer in the Ministry of National Security, three of the new vehicles were assigned to Eastern Division in Belize City and one each to police stations in Belmopan, San Ignacio and Benque Viejo Town.

San Ignacio police now has two vehicles at their disposal, this latest brand new acquisition and another one that was received also brand new only a few months ago.

We trust that with this additional vehicular resource, the police will be better able to respond to the calls of the community in a more timely manner as well as dispensing with that LARGE amount of warrants held up in the police station under the excuse of the lack of transport to execute this essential police duty.

The Ministry has the capacity to do these works in the Towns while still maintaining the major highways” said Mr. Garbutt.

Working in harmony, like the way it should be -Ministry of Works & Town Council employees repairing streets in Santa Elena Town

BELMOPAN CITY, Friday, April 11, 2008:

The Police Press Office today informed of the receipt and handing over of six diesel powered Great Wall Turbo charged SUV type four door vehicles for use by the Police Department.

The vehicles were purchased at a cost of over one hundred and ninety thousand dollars from Caribbean Traders of Spanish Lookout, Cayo.

National Security Minister Hon. Carlos Perdomo informed that this is the first assignment from a total of 26 new vehicles earmarked for the police.

According to retired BDF General Ray Auxillou, “The Ministry has the personnel to do these works under the UDP government cares about us. Unfortunately this was not the case under the previous administration as the Ministry of Works was strictly confined to maintenance of the Highways as it was the preferred practice for Ministry of Works employees to linger for days on the compound doing nothing instead of dispatching them to assist with the deterioration condition of town.

As one resident of San Ignacio Town commented this past Tuesday morning, “It’s a strange sight to see Ministry of Works Roller in town especially in front of Bismillah Store in the Burns Avenue/Savan- nah area of the town. This is something we are not accustomed to seeing” concluded the observer.

Mr. Garbutt also informed that the Ministry will likewise be undertaking a major street pavement project in Benque Viejo Town which will result in the paving of several streets in the western quadrant of Benque Viejo Town.
The Price Of Four Going Up
But Bread Prices Remain Unchanged

BELMOPAN CITY, Cayo District, Monday, April 14, 2008:
A release from the Ministry of Economics Development, Commerce, Industry and Consumer Protection in conjunction with the Ministry of Agriculture and Fisheries today informed that negotiations between the Government of Belize, local flour producers (ADM Belize, Millers) and the Belize Breadstone Milling Company have resulted in an agreement that the price of flour will remain unchanged. The baker’s Association have resulted in a decision to adjust the control price of flour while keeping the cost of white packed-bread at the current price.

The release informed that the need for the adjustment was brought about by the fact that to date the controlled price for flour in Belize has not been raised and there is a need to spread the costs of the potential increase in 2008 in acquisition costs on the world flour market.

Additionally, as a result of the price control, flour produced in Belize is being sold at a significant loss to the producer and at a lower price than neighboring Guatemala and Mexico where prices of flour have been revised as world market prices of wheat spiral upwards.

The release goes on to inform that given the current price differential, coupled with the fact that there are no restrictions to prevent the export of flour from Belize, Belizean flour is being sold to merchants in the Guatemala by traders for a handsome profit.

The Government of Belize anticipates that the current price trend for wheat is expected to continue with prices tapering off at higher levels than desirable in the near future, the effects of which will inevitably lead to a considerable increase in the cost of producing flour in Belize.

The factors contributing to the increase in wheat prices include:
1. Rapid escalations in world market price for fuel
2. A time low levels in global wheat stocks/inventories driven partly by severe drought experienced in Australia
3. Export restrictions imposed by top major wheat exporters, such as Russia and Argentina
4. Increased demands for allocating wheat to ethanol production which has spurred a shift in production from wheat to crops such as corn, sugarcane, and rapeseed that can be converted into bio-fuels, namely ethanol.

In spite of the increase in the controlled price of flour, which would normally have resulted in an increase in the price of bread, an agreement has been reached between Government and the Bakers Association with the collaboration of Belize Mills to maintain the current control price for the 16 oz. un-sliced and sliced bread at $1.25 and $1.50 respectively.

The increase is expected to be added by a special arrangement with Belize Mills to sell bakers flour to members of the Bakers Association at the old price. This undertaking is pending a review of the prices and consultation with Government at the time of the next shipment of wheat to Belize.

In addition to preventing an increase in the price of bread the GOB is also:

a) Increase market surveillance by strengthening institutional capacities particularly in Consumer Protection. Efforts are ongoing to improve on the functions of the Bureau of Standards through the recruitment of new staff and increased mobility to respond to consumer complaints in a timely manner.
b) Complement market surveillance by networking with relevant ministries, agencies and statutory bodies to enforce and uphold the price control regime.
c) Introduce a Consumer Hotline to be housed at the Bureau of Standards.
d) The GOB will keep the acquisition cost of wheat under constant review in an effort to assess the potential of imported wheat as may be appropriate while at the same time protecting the interest of the consumer.
Suzy is fuming. She is angry. She is redhead. and sure enough finds Brian in the unexpectedly, slams open the door, possession of a pistol. In a fit of anger she gets Brian glee. When he came closer, he voices shouting and laughing with. As he neared the pond, he heard you get out of the pond naked. Brian. says. "No, honey, don't do it!"

"Shut up you bloody cheat her and she points the gun at her furious. She can no longer control her emotions. She opens her purse and pulls out the gun. As she takes aim, grief overrides her and she points the gun at her own head. "No, honey, don’t do it!” yells Brian.

"Shut up you bloody cheat,” she says. "You’re next."

What would you like to hear them say about you?

John, James and Jason died in a car crash and are standing before St. Peter who asks all three of them the same question: “When you’re lying in your casket, and friends and family are mourning over you, what would you like to hear them say about you?”

John was the first to go I would like to hear them say that I was one of the great doctors of my time and that I was a great family man.

Next it was James, “I would like to hear that I a wonderful husband and school teacher I was and that I made a huge difference in the lives of so many innocent children.”

“What about you Jason” said St. Peter “What would you like them to say about you?”

Jason was quick to respond “I’d like to hear them say, look he is moving.”

Parents Should Support And Encourage Their Children To Become A Scout" says Shalae Butcher movement in their community and country. A short reception hosted by parents of the scout troop followed the event.

"It is a truly special moment when we see families gather together to encourage their child to become active and concerned member of the community, I see a lot of dedicated Verdes fans at the ceremony and it's great to know that they can prioritize what's truly important in their lives. It’s not a closed organization. Parents should encourage and support their children to become a scout.”, said Shalae Butcher, mother of a founding member, Tarun.

Cecilia Neal Flowers and Tiffany Pitts, Troop Leaders, take this opportunity to thank The Santa Elena and San Ignacio Town Council, The Aguada Hotel, Sacred Heart Junior College Tourism Students, STAR Newspaper, Cayo Adventure Tours, Cayo Cargo, Nelita Castillo and all the parents and family members that gave unselifshly of themselves to make this a successful and memorable event.

Vacancy Notice
Petroleum Accountant
Geology and Petroleum Department
Ministry of Natural Resources and the Environment
Government of Belize

The San Ignacio/Santa Elena Town Council takes this opportunity to thank everyone who assisted in making this year's Municipal Fair the success it was.

The Council hereby informs that all profits derived from the event will be used for the construction of three NEW PARKS: one in the Santiago Juan Layout Area, the other in the Hillview Area and the third at the corner of Flamingo/18th Street.

The Council will be spending $8,000 for each of the three parks for a total of $24,000. The Council will therefore make up the almost $6,000 shortfall from its other resources.

Mayor John Francis August and the Council extend a heartfelt Thank you to everyone for coming out and for making this year's Annual Municipal Fair a success.  ---Thank You.---
Tree Falls in the Cayo District. 2008 to operate LIQUOR LICENSE 
that Intoxicating Liquor License Notice is hereby given that under the Town in the Cayo District. located at 2nd Street, San Ignacio the year 2008 to operate CIDER LIQUOR LICENSE for the renewal of his MALT & BAR SPECIAL LIQUOR LICENSE PUBLICAN renewal of his AMIGOZ_TZIB is applying for the year \end{verbatim}

The meeting began at 7:45pm with a prayer after which the Officer Commanding Cayo (Police) District Senior Superintendent David Henderson updated the committee members:

From Front Page
official in charge.
The game got off to an exciting start with both teams as Verdes was charged with 14 fouls while the RDF registered 10.
There was 1 offside call against Verdes and 2 against the BDF team. Each team took one corner kick and each got a yellow card.
While it was Verdes that capitalized with Leech Jimenez’ 9’ minute goal, the stats show that the RDF created excitement with 4 close calls on the Verdes goal as compared to only 2 such attempts created by the Verdes team.
The second half of the game began at the stroke of the 5 pm hour with the RDF team pressing for the equalizer while the Verdes team, insisting in protecting its lead, curtailed its offensive maneuvers while concentrating more on the defense.
The Verdes team was placed at a worrying disadvantage at the midway point in the second half when in the 22nd minute of play, #20 Jose Rodriguez was red carded for unsportsmanlike conduct and ejected from the game. Notwithstanding the obvious disadvantage, the Verdes team solidified its defense while sacrificing its chances at increasing the 1-0 lead. The stats for the second half shows 7 foul charged to the Verdes and 9 for the RDF.
There was 1 corner kick for the Verdes team and 5 for the RDF which immediately after the game with Maito Perdomo from the Belize Premier Football League on hand to issue trophies along with Insurance Agents, Jonathan Lohr and Abel Simpson representing RF&G Insurance Company, the primary sponsors of the tournament.
The Verdes Football Club consequently crowned champions for the 2007-2008 RF&G Insurance Cup Tournament while the RDF settled for the title of sub-champions.
The following individual awards were presented:
1. Daniel Jimenez (Verdes Forward) – MVP for the Regular Season
2. Jamie Brooks (Verdes Goalkeeper) – MVP for the Playoff

Hankook Verdes Team with their hard earned Championship Trophy
3. Jamie Brooks (Verdes) Goalkeeper - Best Goalkeeper for the Playoff
4. Jeremy James (Verdes) Most Goals
5. Jeremy James (Verdes) – Best Forward
6. Shamir Pacheco (Verdes) - Best Midfielder
7. Albert Thurton (BDF) - Best Defender
8. Charlie Slusher (BDF) – Best Goalkeeper
9. Phillip Lewis ( Wagia) – Rookie of the Year
10. Marvin Ottley (BDF)- Coach of the Year
11. Sergio Chuc (Verdes) - Manager of the Year
Sergio Chuc, Manager of Hankook Verdes, informed that with this championship under its belt, the team now qualifies to represent Belize in the upcoming CONCACAFA regional football tournament which begins in August 2008 and runs up to May-June 2009. We wish the team every success.
