SAN IGNACIO TOWN, Cayo, Thursday, May 14, 2009:

Two Santa Elena boys were today arrested and charged for the robbery of a Santa Elena Chinese Supermarket.

San Ignacio Police say that they have strong evidence linking, Albert “Black” Welcome, 20, of an Avella Street address in Santa Elena and Lloyd Bejerano, 19, of a George Price Avenue address also in Santa Elena Town, to the crime.

Welcome and Bejerano will be appearing before magistrate Kathlene Lewis on Friday, May 15 to answer to the charge.

Chinese grocer, Zhu Bing Chi, 18, reported to police that at around 1:20 pm, on Wednesday, May 13, two masked men entered his store, held him up at gunpoint and made off with cash and phone cards.

According to Bing Chi, the two men each had a blue and white handkerchief covering their nose and mouth. One was armed with a short gun and the other was unarmed. The armed assailant reportedly remained in front of the counter with the gun pointed at Bing Chi while the other one walked behind the counter and removed all the cash and phone cards.

Taiwanese President Visiting Belize

SAN IGNACIO TOWN, Cayo, Thursday, May 14, 2009:

The Taiwanese China Post, today informed that between May 27 and June 4, the President of China-Taiwan, Ma Ying-jeou, will be travelling to Central America.

As part of his trip President Ma Ying-jeou will be visiting Belize from May 27 to May 29 and is slated to address a joint sitting of Belize’s National Assembly in Belmopan on May 28.

President Ma will be in the region to attend the June 1, 2009 inauguration of El Salvador’s President-elect Mauricio Funes. President Ma is also slated to make a stop over in Guatemala.

According to Taiwan’s Deputy Foreign Minister Andrew Hsia, President Ma will visit Honduras on a second trip to Central America in July when he returns to the region to attend the inauguration of Panamanian President-elect Ricardo Martinelli.

On his first trip to Central America, the Taiwanese President will therefore be visiting three of his country’s six diplomatic allies in Central America (Belize, Guatemala and El Salvador) while visits to the remaining three (Panama, Nicaragua, and Honduras) will be on the agenda for the July 2009 visit.

Or Are We Waiting For A Major Accident To Happen?

The low laying temporary wooden bridge, connecting the twin towns of Santa Elena and San Ignacio, was built several years ago as a temporary crossing while the main Hawksworth Bridge was undergoing major repairs. Today this bridge has evolved into anything but temporary. In fact it is of such vital importance to transportation in the west that when it was out of commission for almost three weeks during the great floods of October 2008, the motoring public was severely inconvenienced. There were long lines of traffic on both sides of the Macal River when the Hawksworth Bridge was pressed into providing 2 way service.

The many years of service has taken its toll on the low laying temporary bridge. The Ministry of Works is now frequently replacing planks and repairing the carriage way; However, the subsurface, especially some of the wooden pillars supporting the structure, have deteriorated to the point of creating a hazardous condition.

To the unsuspecting motorist who drives over the surface, all appears to be well and fine; However, to the swimmer who recreates in the waters of the Macal River near the bridge, the deterioration is real and appears to be an accident just waiting to happen.

Except on those rare occasions when the Hawksworth Bridge is pressed into emergency two-way operation, the low laying temporary wooden bridge is used as a crossing for all forms of vehicular and pedestrian traffic. It bears the weight of loaded petroleum carriers and cement cargo trucks while the subsurface continues to deteriorate with every passing day.

Having full charge of the structure as it forms part of the national network of roads, the Ministry of Works, no doubt is aware of the situation. The question therefore is: When will this situation be rectified or are we waiting for a major accident to happen?
BELMOPAN, Thursday, May 14, 2009:

The Ministry of Agriculture and Fisheries is today holding an all day National Stakeholders Consultation at the Belmopan Convention Hotel.

The exercise, under the theme: “Strengthening of the National Extension Service” is being attended by over 60 participants from various sectors such as farmers’ organizations, private providers and representatives of the public sector.

This event is the final phase after recommendations from the Food and Agriculture Organization (FAO) to carry out a further assessment on the supply and demand aspects of the extension services in Belize.

The purpose then, is for the consultants to present their findings and recommendations with an emphasis on the needs and demands of the agro-productive sector.

In his main address to the gathering, Chief Executive Officer in the Ministry, Gabino Canto, remarked: “In-service training for the extension staff must be continuous to ensure that they are up dated with new technologies such as hydroponics, greenhouse production, artificial insemination, etc. Communication between entities involved in extension service must be done continuously to ensure that there is no overlapping of efforts or reinventing the wheel. Therefore, there is a need to bring all parties together maybe twice per year to share ideas and knowledge in what is been done in agriculture and fisheries sectors. The Ministry of Agriculture and Fisheries stands ready to work with all NGOs involved in projects in the agriculture and fisheries sectors. I extend an invitation to you all to participate fully in the deliberations and discussions this afternoon in order for us to develop a comprehensive plan for the country to move forward in agricultural development."

Other speakers and presenters at today’s event include Ms. Vera Boerger, Regional Extension Education and Communications Officer in the office of the Food and Agriculture Organization in Chile and presentation of extension services sub sector reports by farmers’ organizations, and representatives of participating public and private sectors.

The weather was very hot and this man wanted desperately to take a dive in the Macal River but he did not want to get his clothes wet. He looked around and there was not a person in sight so he took off all his clothes and got into the water. After some delightful minutes of cool swimming, a pair of old ladies walked onto the edge of the river in his direction. He panicked, got out of the water and grabbed a nearby bucket. He held the bucket in front of his private parts and sighed with relief. The ladies looked at him. He felt awkward but still managed a faint smile. When she was very close to him, one of the ladies said: “Mister, I have a special gift, I can read minds.” “Impossible”, said the embarrassed man, “You really know what I am thinking at this very moment?” “Yes”, the lady replied.

Discarding The Unfaithful Girlfriend
John was serving a second tour of duty in Iraq when, amidst the daily bombings and the uncertainty of surviving from one day to the next, he received this letter from his girlfriend.

“Dear John;
I regret to inform you that I am breaking off the engagement because I have found someone new. Please return all the pictures I sent you,
Bye Jenny.”

John went out and collected from his friends all their unwanted photographs of women that he could find. He bundled them all together and sent them back to the girl with a note saying: “Dear Jenny, I regret to inform you that I cannot remember which one is you. Please go through this pile, pick out yours and return the others. Bye John.”

Dear Editor;

Thanks for letting us have the opportunity to answer these questions.

To answer the second first:

2) The reason for the delay is that we need to purchase and install a back up generator for the new facility.

The previous administration had reprogrammed the funds identified for the generator to other activities.

This administration was forced to look for an additional $200,000.00 for this purpose.

1) The good news is that funds have now been identified. Tenders for the purchase and installation of a new generator were invited and five bids are currently being reviewed.

The installation is expected to be complete and the hospital opened before the end of June.

Questions that readers are repeatedly asking.

1. “When will the new Poli-Clinic in San Ignacio come into operation?”

2. “What is delaying the coming into operation of this facility?”

Can you please assist us with answers to these questions.

Nyani Azueta-August
STAR, Editor

Ministry of Health, Belmopan

Dear Mr. Phillips

Out here in the west, a new polyclinic has been in the making for several years. The building was started by the previous administration.

Do you know when our new clinic in San Ignacio will be coming into operation and what is delaying the process?

BULLET TREE FALLS
VILLAGE, Cayo, Thursday, May 14, 2009:
The Bullet Tree Youth Association and the Environmental Club held their Annual River Clean Up Campaign and the first River Volleyball Tournament this past Sunday.

It gives us great pleasure to inform that both events were very successful. Everyone who attended enjoyed themselves and had a good time.

There was lots of good food and the music was extremely entertaining.

Hats off to Noemi Manzanero for her bright ideas, her hard work and great spirit in assisting to make this event a great success. We would also like to thank Lucas Medina and the young man from the Environmental Club.

A big thank you also goes out to Victor Perez for his time and the use of his truck for transporting all those loads of sand, we could not have done it without Mr. Perez.

A special thanks to the Village Council, and especially to the Village Chairman Mr. Manuel Balan and a few others. Thanks for all the help. You’ve been there every time we’ve needed you.

Finally a great big thank you to the mothers and fathers and the young people from the village who made both events the success they were. Keep up the good work.

River Volleyball will be held every Sunday in Bullet Tree Falls until the rainy season begins. For more information please contact Noemi at 668-3868 or 804-0436 after 5:00 p.m.

This year’s honoree is Joel ‘Dara’ Robinson. Even with minimal personal resources and humble personality, Mr. Robinson has taken it upon himself to help children with meals at two schools and is trying to expand to other schools.

What is remarkable when you speak to Mr. Robinson is his genuine concern for our young people and for our society.

He is not doing this for recognition, nor is it merely about trying to ensure that other children would not have the same experience he had as a child of not having enough to eat at home.

No, he has a genuine concern for his fellow men and women/brothers and sisters. He truly embodies the Spirit of Ubuntu...he is truly showing his humanness through his concern and love for others.

He is not only helping to make better schools, but he is at the same time being a better citizen and helping to create a better Belize.

He is truly an example we must all follow and this is the kind of volunteerism and patriotism that we should inspire in all Belizeans.

Ubuntu describes an African philosophy which, when roughly translated, means ‘I am because We are.’

It speaks to a sense of community and solidarity with other human beings—your fellow men and women, brothers and sisters. It speaks to a recognition that one’s humanity is intricately bound up in that of others.

In short, one can only fulfill one’s humanity through other human beings. It’s the realization then we diminish others, in whatever way, we diminish ourselves. When we think of others as being less human, you are in fact being less human yourself. However, when we see the value in other people...when we live for each other...when we show concern for our fellow human beings we are being most human.

The following measures are recommended to avoid catching influenza:

1. Keep away from people with respiratory infection.
2. Wash hands frequently with soap and water.
3. Do not kiss people or shake hands when you greet them.
4. Do not share food, glasses or cutlery.
5. Ventilate and let the sun into the house, offices and all closed areas.
6. Keep kitchen and bathroom surfaces clean, as well as doorknobs, banisters, toys, telephones and commonly used objects.
7. In the event of sudden high fever, coughs, headaches, muscular pain or pain in the articulations, visit your doctor or health unit immediately.
8. In the event the disease is confirmed, in order not to infect others, we recommend going to the doctor for a check-up and treatment. Under no circumstances should people try to medicate themselves.
10. Cover your nose and mouth when you cough or sneeze.
11. Use a mask, throw tissues away into plastic bags and when you sneeze, cover your face with the crook of your arm.

Once 24 hours have elapsed with no symptoms, you may return to your usual activities.
BELMOPAN, Wednesday, May 13, 2009:

Minister of Health, Hon. Pablo Marin received a shipment of TAMIFLU today, Tuesday May 12, 2009 at the Ministry of Health Headquarters in Belmopan.

Handing over the medication on behalf of the Pan American Health Organization/World Health Organization was Dr. Beverley Barnett, PAHO/WHO Country Representative in Belize.

The medication, a donation valued at over $100,000 is being held in country as a result of the recent epidemic of the Influenza A H1N1 Virus.

According to Chief Executive Officer in the Ministry of Health, Dr. Peter Allen, the medication will be available by prescription should the need arise without cost to the general public.

Dr. Allen thanked the media and the general public for their support during this period. He particularly thanked the members of the Ministry of Health team throughout the country who have worked so effectively to keep the public safe.

Dr. Allen reiterates the Ministry of Health’s commitment to continued vigilance in the ongoing global battle against the Influenza A H1N1 Virus and reminds the general public of the importance of maintaining proper respiratory hygiene in order to decrease the risk of illness.

The public is reminded that at this time Belize remains free of any cases of the Influenza A H1N1 Virus.

TAMIFLU (Oseltamivir Phosphate) is indicated for the treatment and prevention of infections due to influenza types A and B. The usual adult dosage for treatment of influenza is 75 mg twice daily for 5 days, beginning within 2 days of the appearance of symptoms.
BELIZE CITY, Thursday, May 14, 2009:

May 15, is celebrated as the International Day of the Family. This day highlights the importance of families. It aims at fostering equality, bringing about a fuller sharing of domestic responsibilities and employment opportunities.

The activities undertaken to commemorate the day, work towards supporting families in the discharge of their functions; and promote the inherent strengths of families, including their great capacity of self-reliance.

The National Committee for Families and Children is encouraging committee members, partners and the general public to impress upon families a time for safe family socialization.

As we celebrate May 15, under the theme “Fathers-Mothers-Families: Challenges in a changing world”, the NCFC challenges you to take this special day recognized for families, and be creative in reaching and addressing the challenges that face our families and society on a whole.

The year 1994 was proclaimed as the International Year of Families by the United Nations. This was a response to changing social and economic structures, which have affected and still affect the structure and stability of family units in many regions of the globe.

The International Day of Families is an occasion to reflect on the work started during 1994 and to celebrate the importance of families, people, societies and cultures around the world. It has been held every year since 1995. Family constitutes the basic unit of society. Hence, the widest possible protection and assistance should be accorded to families so that they fully assume their responsibilities within the community to the provisions of the Universal Declaration of Human Rights, the Declaration on Social Progress and Developments, the Convention on the Elimination of all forms of Discrimination against women, and the Convention on the Rights of the Child.
