OVER SIX YEARS ON THE RUN, ACCUSED MURDERER MELVIN SALAZAR TURNS HIMSELF IN TO THE POLICE

SAN IGNACIO TOWN, Cayo, Wednesday, April 28, 2010:

After being on the run for over 6 years; at around 10 o’clock this Wednesday morning, accused murderer Melvin Salazar, 29, accompanied by a San Ignacio Justice of the Peace, walked up the steps of the San Ignacio police station and handed himself in.

Melvin Salazar, 23 at the time, stands accused of the December 16, 2004 chopping death of Ermildo “Cha-kiste” Coc, also 23 at that time, of a Thornley Street address in San Ignacio Town.

At the time of the incident, Salazar and Coc were working on a construction site at Barton Creek Farm on the Mountain Pine Ridge Road near the village of Georgeville. Salazar began working on the site a mere 6 days prior to the incident. He reportedly left home at around 9:00 am on December 14 to collect his pay and that was the last time relatives saw him until 2 days later when he was detained by the police shortly after the incident.

The injured Ermildo Coc, with multiple chop wounds to head, face and chest was transported to the San Ignacio Town Hospital where he was officially pronounced dead.

Western Highway Jackings Resurfacing

SANTA ELENA TOWN, Cayo, Thursday, April 29, 2010:

The late night/early morning Santa Elena Town jackings, on that stretch of the Western Highway between the Hawksworth Bridge and Carillo Puerto Avenue is on an apparent comeback.

Many of these cases go unreported because the victim is either embarrassed to lodge a formal complaint as in most cases they are drunk and are attacked as they stagger down the highway on their way home or because the items taken from them are considered minimal in value with the items of choice for the jackers being cellular telephones and jewelry. Victims in these circumstances rarely carry large sums of money as in many cases those staggering down the highway might have spent most if not all their money on the booze and not leaving a least a little cash for the taxi ride back home.

One such reported instance occurred at around 4:00 am on Thursday, April 29. Jaime Requena, 37, Belizean Park Ranger of a Western Highway, Santa Elena Town address reported that he was on his way home and upon reaching in front of Joe’s Cool Spot Club.

OVER SIX YEARS ON THE RUN, ACCUSED MURDERER MELVIN SALAZAR TURNS HIMSELF IN TO THE POLICE

Continued From Front Page

Just as swiftly as he was detained, arrested and formally charged for murder, in similar fashion Salazar escaped from police custody. He was reportedly awaiting transportation to the Belize Central Prison and while the cell block was going through the usual morning cleaning process, Salazar reportedly bolted out of the station and instead of running across the Hawksworth bridge, he swam across the Macal river and that was the last time the police saw him.

Now that he is in police custody, Salazar informed that he spent 2 years in Mexico but was too far away from his family and so he relocated to Santa Elena, Peten, Guatemala. Whilst in Guatemala he was robbed and in the process he was shot three times. He received a gunshot wound to the right arm and two to the left side of the abdomen.

He informed that whilst in Guatemala he made several overnight trips to visit his common law wife and two children in Santa Elena, Cayo. He said that he turned himself in because he was tired of being on the run and also because he knew that the police were closing in on him and he did not want to be shot and possibly killed in the process of being recaptured.

Having been previously charged for the murder of Ermildo Coc, Salazar will now be charged for escape. With the accused in custody, the murder trial will now proceed.

The BTB and Ministry of Tourism meet with SITCA to advance tourism opportunities

The Central American Council of Tourism Ministers hosted its 74th Ordinary Meeting in Panama, April 21st to 23rd, 2010. The participating Belize Delegation included the Minister of Tourism, Civil Aviation & Culture, Hon. Manuel aides, the Director of Tourism, Seletel Matus and Marketing Officer, Jordane Riveroll.

The meeting focused on regional marketing initiatives such as the Central American Travel Market (CATHM) now in its seventh year which is being coordinated by host country Guatemala with the assistance of the six other Central American countries. Belize’s participation is currently being organised by the BTB and the BITA.

At the meeting, Belize’s Minister of Tourism, Hon. Manuel aides, talked Belize’s working relationship with CATA (the Central American Tourism Agency) as the Body responsible for marketing the Central American region in Europe and Asia. The objective was to seek greater areas of collaboration with CATA in strengthening marketing efforts in the European market. As a result, CATA will be travelling to Belize shortly to meet with the Belize tourism public and private sector to discuss development areas.

The meetings also provided an opportunity for the new Director of Tourism to his Central American counterparts.

Belize is promoted to the trade in Guatemalan City

The Belize Tourism Board partnered with Maya Regional to host a breakfast presentation to over one hundred wholesalers and travel agents in Guatemala City on Tuesday, April 27th, 2010.

At the invitation of Maya Regional, the BTB had the opportunity to further promote Belize as a premier vacation destination of choice to our regional neighbors. This breakfast presentation allowed the agents and wholesalers an opportunity to see and learn more of Belize’s diversity in its product offering which they would then be able to share with their clients looking for a nearby destination to dive, go cave tubing and explore our Maya Temples. It also allowed them first hand to ask questions on Belize and to establish a public sector point of contact for future enquiries for them to do business in Belize. Maya Regional showcased their product offering to these agents whom they have identified as their working partners to grow business opportunities in Belize.

Representing the BTB were Board members Mr. Gaspar Guerrero and Marketing Officer Lorraine Martinez.

These captive presentations allow Belize to further grow its emerging markets in Central America and develop sound relationships with local Central American operators in growing future European visits through the Central American gateway.

National Sustainable Tourism Master Plan Kicks Off

A Kick-Off stakeholders workshop was held at the Radisson Fort George Hotel on Friday April 30, 2010 to conclude “Phase I,” within the development of the National Sustainable Tourism Master Plan. The workshop ended a four day tour of destinations within Belize by “Tourism and Leisure” consultants Juan Manuel Ribera (Team Leader) and Gustavo Bossotti (Project Coordinator, Sustainable Tourism Development Specialist).

Recognizing the cross-sectoral nature of the tourism industry, representatives from the private sector, multiple Government Departments, and NGOs were introduced to the mission and objectives of the project, and invited to share first-hand knowledge of the current status of the Belize tourism industry. Valuable input was provided by the stakeholders through an assessment of the strengths, weaknesses, opportunities and threats, including identification of Belize’s assets and destinations for future tourism development.

Without a clear plan, Mr. Bossotti stressed that Belize would experience higher negative environmental and social impacts from tourism, would not enjoy the maximum potential economic benefits, and the industry would suffer from a lack of leadership. He noted the importance of ensuring that tourism activities benefit the local residents to assure sustainability.

Following this preliminary insight into the tourism offering, for the next two months a “Tourism and Leisure” will implement the first phase of the project involving data collection and analysis in the areas of tourism demand, supply, competitors, governance and best practices. A larger team, including a policy expert, economist, and tourism regional planner will be in-country in early May to carry out interviews, surveys and destination visits throughout the country along with local counterparts. It is envisaged that the final draft of the National Sustainable Tourism Master Plan will be completed by the end of the year, prior to the finalization of more detailed plans for San Ignacio, Belize City, Placencia Peninsula and Ambergris Caye.

The development of the National Sustainable Tourism Master Plan is a component under the Sustainable Tourism Program (STP). Funding for the US$15 million program is provided by the Government of Belize through an IDB loan, and from the Belize Tourism Board. For more information about the program please contact the Project Co-ordinating Unit at info@sustainabletourism.bz or visit the STP website www.sustainabletourism.bz.

GALEN UNIVERSITY, Central Farm, Cayo, Friday, April 23, 2010:

He was the first cyclist to crossed the line at Galen University on the way to San Ignacio in the April 3, Annual Holy Saturday Cross Country Cycling Classic and today, Edward ‘Chris’ Reyes, visited the University campus at Central Farm Cayo to pick his prize which included a gift certificate for a free course at Galen University, valued at $750 and 10 mahogany trees, were delivered by the University’s President, Dr. Louis Zabaneh.

Several members of the university staff, brimming with excitement, to see the young man who has made a name for himself in the 82nd Annual Cross Country Cycling Classic, were present to celebrate the moment.

The free course gift certificate can be chosen from any of the University’s ten quality undergraduate programs.

In accepting his prize, Mr. Reyes, who has been riding for five years, recounted the history of his involvement in the sport. He spoke of his humble beginnings on beach cruisers. He also spoke about his family’s unwavering support.

It’s an inspiring story of a young man who wanted to be a cyclist from a young age. His sight is firmly on the goal, and he has been consistently taking the necessary steps to get there.

On the trip to Galen University’s campus today, Mr. Reyes was accompanied by the president of the Belize Cycling Association, Mr Emil Moreno, who spoke of his vision for a Cycling Association that operates on behalf of the entire country, thereby, enabling young men and women from across the country to fulfill their dreams of becoming competing cyclists.

In addressing the gathering assembled for the occasion, Dr. Zabaneh expressed the university’s pleasure for being a platinum sponsor of this year’s Annual Cross Country Cycling Classic, and spoke of the university’s growing involvement in Belizean sports. He also offered the University’s assistance to plant the ten mahogany trees wherever Mr. Reyes wants them planted.

The official handing ceremony was followed by a tour of the campus.

Galen University is very excited to welcome Edward “Chris” Reyes as a future student, and wishes him all the best in his cycling career.

Your Horoscope & Lucky Numbers

**ARIES:**
March 21 - April 19
You will be keen to achieve a balance between your professional and personal life. A small holiday with family or loved ones is likely. Keep in mind that any harsh words can undo all the good you've been trying to do. Some major decisions will be needed to be taken at work. Lucky Numbers: 03, 44, 87.

**TAURUS:**
April 20 to May 20
Be prepared for some activity concerned with work. Finances will be better and you will gain good reputation and credibility. As good times begin to roll, do not forget loved ones and those who have always supported you. Your taking them for granted will only make things worse. Lucky Numbers: 05, 32, 76.

**GEMINI:**
May 21 to June 20

**CANCER:**
June 21 to July 22
The coming week is indicative of a major breakthrough you have been wishing for. Expect satisfaction in emotional matters but financial situation still needs more work to get better. Travel is likely. Try not to worry too much about the future. Lucky Numbers: 09, 22, 85.

**SCORPIO:**
October 23 to November 21
Good news is that your monetary situation looks up. Although a cautionary note — even if you are reinvesting in your work, be mindful, as committing errors at this stage could tilt the balance unfavourably towards you. Prudence — emotional and financial need to be exercised. Lucky Numbers: 06, 48, 72.

**LEO:**
July 22 to August 22
You have possibly realized by now that how you deal with people is the key to your progress. There will be newer contacts made through work. Your professional life will receive a boost. Single individuals might get engaged or tie the knot. Seek blessings of elders before undertaking any important work. Lucky Numbers: 10, 61, 78.

**SAGITTARIUS:**
November 22 to December 21
You will be looking at some new venture. It will help, if you do not approach it with pre-conceived notions. Having an open mind and a more flexible approach will ensure that you are able to perform better. Some niggling physical discomfort is likely to be there. Lucky Numbers: 45, 68, 94.

**VIRGO:**
August 23 to September 22
You do fairly well at work. There will be excessive physical work to cope with, so it will be best for you to save your energy for more important tasks. Keep your risk-taking tendency in check and refrain from making unrealistic commitments. Lucky Numbers: 07, 36, 62.

**LIBRA:**
September 23 to October 22
The coming week will see you transform into a flamboyant personality, charming one and all. You could be successful in any endeavour you undertake; however, keep yourself from having any expectations from people. Resentment will affect your attitude and in turn your dealings. Lucky Numbers: 11, 77, 90.

**CAPRICORN:**
December 22 to January 19
A good week in the offing. A boost in self-confidence will reflect in your public interactions. The choices you make decide the course of your career for the next couple of years. Single people could meet exciting partners. Celebrations with extended family are indicated. Lucky Numbers: 12, 33, 49.

**AQUARIUS:**
January 20 to February 18
There are two areas of focus in the coming week — you could be interested in a completely different field of study and may delve deeper to increase your knowledge. Secondly, you may be deeply affected by someone you meet. This is definitely not a time to keep secrets. Lucky Numbers: 24, 56, 89.

**PISSUSS:**
February 19 to March 20
In the coming week, you try to live your life to the hilt. There will be short distance travel, social events, weddings to be attend. Nazarene Mission’s Plan For The Land Where The Hospital Once Stood In San Ignacio Town

Dear Editor

Re: Former Government Hospital Land, San Ignacio

Please allow me space in your newspaper to thank the people of the twin towns, Santa Elena and San Ignacio for their interest and cooperation with their signatures supporting our request to government for the above-mentioned land. It took us less than a week last year to obtain some 2,000 signatures.

For those who may not know, in the first phase this land will be used for the construction of a multi-purpose building to replace the present Nazarene Church building which will be donated to Faith Nazarene School.

The multi-purpose building will also serve the community for conferences, graduations, hurricane shelter.

The second stage of development will see a portion of the land will be used for the construction of a high school in the not too distant future.

Many of you, when you see me at the business square (down-town, San Ignacio) the frequent question asked is, “how is the land coming long?” The answer is that on February 8, 2010 we received a letter from our Area Representative, Hon. Elvin Penner who informed that the matter is before Cabinet and that he is awaiting a final decision.

We trust that the final decision will be a great blessing to our communities.

We thank our Area Representative, Hon. Elvin Penner for presenting our request to Cabinet.

Sincerely,

(Rev) S. Onesimo Pot

The Horizon 2030 Project Visits Galen

BY: Debbie Scott

GALEN UNIVERSITY CAMPUS, Central Farm, Cayo, April 23, 2010:

Horizon 2030 consultant Mrs. Adele Catzim Sanchez joined Galen University students today as they hosted a forum to present their vision of a Green & Sustainable 2030 Belize.

Presentations delivered by the students covered the following areas: Governance, Biodiversity protection, Solid waste management, Multilingual identity, Family relationship, De-reservation of protected areas, Energy efficiency. The role of institutions to advocate for change, Green Print for Belize.

In her address to the students, Mrs. Sanchez informed that in interviewing Belizeans during the consultation phase of the project, several recurring issues have been emphatically expressed by participating Belizeans.

Other concerns raised are the issues of mandatory education through to the completion of secondary school, and community involvement at the grass roots level to hold us individually and personally accountable to achieve the visions that we have for a 2030 Belize. The need for the emergence of a robust entrepreneurial culture, and access to financial capital with reduced interest rates for Belizeans to be able to pursue economic opportunities has also been raised by participants.

Mrs. Sanchez noted that as a result of the presentations by the Galen University students, she was able to conceptualize how different sectors of the economy can mutually support each other to achieve their 2030 objectives.

The overall focus of the forum was to show how sustainable practices in one form or another can be a part of our everyday lives, and how they can be incorporated into a plan of action for the future of Belize.

**SHOWCASING THE WISDOM OF ELDER FOLKS**

Grampa Jim and Granny Jane went to breakfast at a restaurant where the "seniors’ special" was two eggs, bacon, cheese, beans and toast for $5.99. "Sounds good," said Granny Jane. "But I don't want the eggs."

"Then I’ll have to charge you $8.49 because you’re ordering a la carte," the waitress warned.

"You mean I’d have to pay for not taking the eggs?" Granny Jane asked. "That’s right", responded the waitress.

"In that case I better take the whole senior special," responded Granny Jane.

"How do you want your eggs?" asked the waitress.

"Raw and in the shell," replied Granny Jane. She took the two eggs home.

**SERVING A GOOD HOME COOKED MEAL**

John called his mother and announced excitedly that he had just met the woman of his dreams. “How should I handle this Mom?” he asked.

**San Antonio Women’s Group Inaugurated Chicken-Slaughtering Facility**

**BELMOPAN CITY, Cayo, Monday, 26 April, 2010:**

The San Antonio Women’s Group Chicken Slaughtering Facility has been inaugurated under the Project of “Poultry Rearing” as an alternative income generating activity for the San Antonio Women’s Group, last Friday in San Antonio village in the Cayo District.

Present at the ceremony were Minister of Agriculture Hon. Rene Montero along with the Chief Executive Officer in the Ministry of Agriculture Gabino Canto, members of the San Antonio Women’s Group, chairman and councilors of the San Antonio Village.

In his speech, Minister Montero explained that this is a part of the government strategy to create employment thus the reduction of poverty. It will help to increase income to the Farm Family especially the youths; and will therefore minimize the migration of the youths to urban areas in search of jobs; it is the Ministry’s Platform of Food Security which focuses on rural development and the concept of the Farm Family.

Minister Montero distributed 3,500 fingerlings tilapia to San Antonio farmers. He also distributed an acros stove,  a sealer, 1 blanching pot, 5 pairs of rubber boots, a set of knives, 50 lbs of plastic bags, 3,000 labels and designs, 12 apron, 1 box of rubber gloves and a box of head nets to the San Antonio Women’s Group.
